Solicitation Type and Name:

Formal Invitation for Bids: Underground Fuel Tank - PTA

Solicitation Number: 35-00301

Description: This scope of work pertains solely to construction services, with no involvement in design services. The project has been designed by Maestas under a City Contract. The scope includes the removal and installation of one existing underground storage tank (UST) and one fuel island. Installation encompasses the setup of double nozzle single product dispensers, double wall UST, double wall fire-resistant fluid (FRF) piping, submerged turbine pump, automatic tank gauge (ATG), and a concrete hold-down slab over the USTs. All equipment specified in the plans and specifications shall be installed as per the provided design. The existing canopy at the site will remain intact, and contractors must ensure its preservation throughout demolition and construction phases. The new storage and dispensing system will feature one double wall 12,000-gallon underground storage tank (UST) designated for storing unleaded fuel, along with two double nozzle single product dispensers.

Applicable Product Categories:

- 91244 – Excavation Services
- 75070 – Ready-Mix Concrete (See 150-12 for Bagged Concrete)
- 91216 – Boring, Drilling, Testing, and Soundings Services, Including Concrete Coring
- 72041 – Meters and Dispensers: Fuel, Oil and Lubricants
- 83031 – Fiberglass Tanks, Gasoline, Including Underground Type
- 83041 – Leak Detection and Vapor Monitoring Equipment
- 72004 – Automatic Fueling Systems, Including Parts and Accessories
- 91438 – Electrical
- 92691 – Tank Testing and Disposal Services, Storage, Including Underground Types

Date Issued: May 24, 2024

Due Date & Time: June 25, 2024, 2:00 p.m. Central Time

Pre-Submittal Conference: Pre-Submittal Conference will be held at 10:00 a.m., Central Time, on June 4, 2024, via WebEx and a Site Visit will be held at 2:00 PM Central Time at the San Antonio Police Training Academy, located at 12200 South East Loop 410, San Antonio, Texas, 78224.
