Solicitation Type and Name:

Formal Invitation for Bids: Underground Fuel Tank – NW PD

Solicitation Number: 35-00302

Description: The work involves the removal and replacement of two (2) existing underground storage tanks (USTs) and two (2) fuel islands. The installation will include double nozzle single product dispensers, double-wall USTs, double-wall fire-resistant fluid (FRF) piping, a submerged turbine pump, an automatic tank gauge (ATG), and a concrete hold-down slab over the USTs. All equipment shall be installed in accordance with the approved plans and specifications. The upgraded storage and dispensing system will consist of two (2) double-wall 12,000-gallon USTs designated for unleaded fuel storage, along with four (4) double nozzle single product dispensers to facilitate fuel distribution.

Applicable Product Categories:
