REQUEST FOR PROPOSALS
Office of Urban Redevelopment San Antonio (OUR SA)

BACKGROUND:
The City of San Antonio, Texas (the “City”), acting by and through the Office of Urban Redevelopment San Antonio (the “Seller” or “OUR SA”) is implementing the voter approved 2017-2022 Neighborhood Improvements Bond Program. The City of San Antonio’s Neighborhood and Housing Services Department serves as the lead handling the day to day planning and implementation of the Neighborhood Improvements Bond Program, and staffs OUR SA. The City’s Neighborhood and Housing Services Department conducts all property sales and (the “Seller’s Representative”) will conduct and administer the sale.

The Urban Renewal Agency, now Office of Urban Redevelopment San Antonio, known as OUR SA, was established by in 1957 to carry out “Urban Renewal Project Powers” in accordance with Chapter 374 (“Chapter 374”) of the Texas Local Government Code, as amended. Board of Commissioners consists of seven members who are appointed by the Mayor with the consent of the City Council (the “City Council”). OUR SA’s primary purposes are to eliminate slum and blighting influence, encourage redevelopment activities, and oversee the implementation of and compliance with any and all approved urban renewal plans, as adopted by the City Council, including the urban renewal plan described below.

2017-2022 NEIGHBORHOOD IMPROVEMENTS BOND PROGRAM OVERVIEW:
On May 6, 2017, voters approved six propositions for the City’s 2017-2022 Bond Program totaling $850 million. Proposition 6, related to Neighborhood Improvements, authorizes the City to issue bonds in the amount of $20 million to acquire real property within the City Council approved 12 Neighborhood Improvement Areas and engage in permitted activities as set forth by the Urban Renewal Plan adopted on February 2, 2017 (the “2017 URP”). The Neighborhood Improvements Bond funds will be used to facilitate private sector and/or non-profit development of single-family, multi-family or mixed-use affordable/Workforce Housing consistent with the 2017 URP. The City will not construct affordable housing but rather will use non-profit and private sector housing developers to build affordable/Workforce Housing.

The City adopted the 2017 URP, a plan for strategic neighborhood reinvestment, to spur the creation of new affordable/Workforce Housing in Neighborhood Improvement Areas. As part of the Neighborhood Improvements Bond, the City may undertake some or all of the following in order to prepare a site for the private sector to construct affordable/Workforce Housing: acquisition and disposition of property; site improvements; repair, limited rehabilitation or demolition of buildings for the purpose of reconstructing existing buildings for multi-family affordable/Workforce Housing; right-of-way (ROW) improvements (streets, sidewalks) contiguous to housing site; extension and/or expansion of utilities; remediation of hazards, such as asbestos, lead-based paint or other environmental concerns. Individual single-family homes are not eligible for rehabilitation pursuant to a development contract. Forced
displacement is prohibited under the 2017 URP.

The Neighborhood Improvement Bond funds will be used to acquire property suitable for affordable/Workforce Housing. After property acquisition, funds may be used to prepare the acquired property for housing development to construct affordable/Workforce Housing by the non-profit and/or private sector. The City with input from its stakeholders will determine what type of affordable/Workforce Housing will be delivered on the property. The City will not construct or own any housing for this program. The land is to be sold to the private sector at fair value as determined by the City Council. The City will dispose of the property (through a competitive sealed bid process) for construction of housing in accordance with the terms of the 2017 URP and Chapter 374 and the property will be encumbered with development requirements and affordability restrictions.

NEIGHBORHOOD IMPROVEMENTS BOND PROGRAM ASPIRATIONAL GOALS:
The Neighborhood Improvement Bond Program aspires to serve the residents of the City with the highest quality affordable housing, whether it is rental or homeownership opportunities. Each development is expected to be of the highest quality construction taking into consideration materials, building quality, design, green building, style and functionality. All production of housing should strive to be a national model of affordable/Workforce Housing and create a sense of community and pride of rental/ownership in the community. Developments should be respectful of the history and environment of the surrounding neighborhood and look to provide enhancement to the community.

As set forth in the 2017 URP, the City’s goals including providing infill and revitalized neighborhoods as part of a range of housing choices near the city’s center. Aspirational considerations, through partnerships, include the creation of community centers and exercise facilities open to the public during appropriate times, outdoor covered recreational facilities with ample seating, BBQ pits, and other amenities such as swimming pools, walking trails, dog parks, green space, and playgrounds open to the public, as appropriate.

This program is designed to serve low-to-moderate income working families with a required minimum of half of the housing dwellings serving families earning 80% of the Area Median Income (“AMI”) or less, allowing these families to eliminate the cost-burden of today’s housing and rental prices.

I. Purpose of Request for Proposals and Development Proposals (“RFP”)

The City, acting by and through OUR SA, is pleased to offer for sale twelve (12) lots, to one or more developers, located on Martin Luther King Drive, San Antonio situated in Bexar County, Texas, 78220 (each a “Property” and collectively the “Properties”), and more particularly described below:

(A link to the 2017 URP is posted on the Seller’s Representative’s website at: [www.sanantonio.gov/NHSD](http://www.sanantonio.gov/NHSD)) A successful proposal to develop the Properties shall be a creative project that achieves the Project Goals set forth in Section II of this RFP and aligns with the requirements of the 2017 URP.

### II. **Project Goals**

The Schedule of Criteria for Review and Scoring of Proposals (the “**Criteria**”) is included with this RFP as **Schedule 2**. The Criteria identifies and outlines the elements of any proposal submission that are mandatory, versus those that are value added (i.e., voluntary). Mandatory elements that are not addressed or inadequately addressed in the RFP may be deemed non-responsive and lead to disqualification of the proposal, at the sole discretion of the Seller.

The Successful Proposer, in addition to purchasing the Property (through a competitive sealed bid process), must propose a creative, high-quality project that:

Terms and conditions shall be set out in the final Contract for Sale of Land for Private Redevelopment (the “Agreement”) with all attachments, substantially in the form acceptable to the Seller attached hereto as Schedule 4. The form of Agreement attached hereto is a template and will be modified by Seller after review.
of the proposals to incorporate the specific terms and conditions of this RFP and the Proposer’s respective proposal. Proposers must execute and tender the final Agreement to Seller within five (5) business days after the Proposer's receipt of the final Agreement and written request for execution thereof. Seller reserves the right to make non-substantive revisions to the Agreement to negotiate and modify time periods and other terms and conditions of the Agreement with the Successful Proposer following selection of the winning proposal.

1. The minimum Competitive Sealed Bid (purchase price) for the Properties must be $500.00 per lot. Any proposals submitted that contain a purchase price below the minimum set forth above will be automatically rejected. The full proposed purchase price, minus Proposal Security and Earnest Money received, will be paid in cash to the Seller at the time of closing.

2. At the time of proposal submission in response to this RFP, the Proposer must deliver to the Seller’s Representative a cashier’s check in an amount of $1,000.00. (the “Proposal Security”). The Proposal Security will be made payable to Chicago Title Company, 15727 Anthem Parkway, Suite 210, San Antonio, Texas 78249, (the “Title Company”), will be held by the Title Company on behalf of Seller, and will not be deposited into an interest-bearing account. The Proposal Security will secure the Proposer’s obligations to provide financial and other information requested by the Seller to review and evaluate the Proposer’s response. This $1,000.00 Proposal Security, if not forfeited by the Successful Proposer, shall be applied along with the Earnest Money (discussed in subsection A(4)) to the purchase price at closing. If the transaction is not consummated due to Successful Proposer default, OUR SA will retain the Proposal Security.

3. All received submissions must include, as part of the Project Development Plan, a proposed form and amount of Performance Guaranty to be offered to Seller in the event of a successful proposal. This offer of Guaranty will evidence the Proposer’s commitment to complete the development project within one (1) year, and will be considered by Seller as part of the review of Proposer’s overall proposal. Examples of a form of Guaranty may include a Letter of Credit or a Performance Bond issued by a bank or financial institution for some certain dollar amount, or an Escrow Agreement with the City. The binding Guaranty must be submitted by the Successful Proposer at closing of the sale of the Properties.

4. Within two (2) business days after execution of an Agreement
between the Successful Proposer and Seller, the Successful Proposer shall deposit with the Title Company the amount of $1,000.00 in good funds (the “Deposit”). This Deposit does not replace the Proposal Security as a requirement for a responsive proposal, and it does not replace the Guaranty as a requirement to execute the Final Purchase and Sale Agreement. If delivered, the Title Company must place the Deposit into an interest-bearing account having no penalty for early withdrawal. The Deposit and any interest thereon shall constitute earnest money (the “Earnest Money”) towards the closing of the sale, and will be credited against the purchase price at closing. If the Successful Proposer fails to deliver the Deposit in good funds within the designated two-day period, the award of sale shall be considered not to have been completed, and Seller may retain the Successful Proposer’s Proposal Security and pursue any right or remedy available, including award of the sale to another Proposer. If the transaction is not consummated, the earnest money will be held and delivered by the Title Company accordingly.

5. Seller reserves the right to require evidence satisfactory to Seller of any Proposer’s financial ability to purchase the Properties for the amount in Proposer’s proposal and to carry out any obligations to develop the Properties within one (1) years of execution of the Special Warranty Deed. Any Proposer who fails to promptly supply the requested documentation to Seller of the Proposer’s financial capacity and other ability to perform may be determined unresponsive.

6. Any proposal presented to Seller must be based on the Proposer’s own inspection and investigation of the Properties and not on any statements made by Seller, or any selling agent. Seller makes no representation or warranties whatsoever with respect to the Properties or the information set forth herein.

7. To the extent legally permissible, all proposals made will be held confidential during the period between submitting the proposal and award of a sale to a Successful Proposer by the City Council, at which point all proposals will become open records subject to the Texas Public Information Act. If there is any information required to be submitted in the proposal deemed to be proprietary, it must be submitted in a separate sealed envelope. If the entire proposal is identified as confidential, that will generally be deemed overly broad and ineffective by the Texas Attorney General’s Office but all such decisions are made by the Texas Attorney General’s Office. If any provision is noted as proprietary the Seller will tender the request and the

proposal to the Texas Attorney General for resolution. The Seller’s Representative will notify you of the request and you must identify and defend the stated exception to the Attorney General. 8. Seller reserves the right to reject any and all proposals in its sole discretion for any or no reason whatsoever. Seller reserves the right to discontinue the RFP process or to withdraw the Properties from the market at any time prior to execution of the Agreement by Seller. In such event, Seller will notify the Proposers of such discontinuation. Seller reserves the right, after discontinuance of the RFP process, to sell the Properties to any party and on any terms acceptable to Seller.

B. Construction Requirements. The Successful Proposer in good faith and with due diligence must complete the proposed construction within one (1) year from the date Special Warranty Deed is executed, and shall use reasonable efforts to meet construction requirements, more particularly described below. The Seller will extend deadline requirements only for force majeure or other extremely unique circumstances and at its sole discretion.

1. Required Commencement. The Successful Proposer must obtain the building permit for construction within three (3) months after the closing date and transfer of the Properties. If the Successful Proposer does not obtain the building permit for the approved preliminary redevelopment plans within that time period, then the Seller may exercise the remedy the Successful Proposer set forth in the proposal.

2. Required Completion. The Successful Proposer must design, complete and surrender the preliminary redevelopment plans and obtain a Certificate of Occupancy for the entire Project within one (1) years or twelve (12) months after the closing and transfer of the Properties. If the Successful Proposer fails to meet this deadline, then the Seller will be entitled to the full amount of the Guaranty.
GUIDELINES FOR REQUEST FOR PROPOSALS:

Each submitted proposal to purchase the Properties must conform to and be in compliance with the following guidelines. Proposals that do not comply with these guidelines may be rejected at the option and sole discretion of Seller.

1. The **minimum Competitive Sealed Bid (purchase price)** is set at $500.00 per lot. The full proposed purchase price, minus Proposal Security and Earnest Money received, will be paid in cash to Seller at the closing of the sale of the Properties. Seller will not finance any portion of the sale.

2. If the Proposer is represented by a broker or agent, entitled to receive a commission at closing (discussed in **Section X, General Conditions**), then the Proposer must make arrangements to compensate such broker or agent. Seller will not pay any commission, fee or compensation to any broker in connection with the sale of the Properties. By submitting a proposal, Proposer agrees to indemnify Seller for any claims asserted by any person alleging to represent Proposer and asserting a claim for a commission, fee or compensation related to this solicitation.

3. Proposal must be submitted on or before 2:00 p.m., San Antonio, Texas time, **November 16, 2018**, in a sealed envelope or other sealed container. 4. By submitting a proposal, the Proposer acknowledges, represents and warrants that it is not relying on any representation, warranty, statement or other assertion contained in this RFP or made by Seller, Seller’s Representative or any employee, agent or representative of either the City or OUR SA; and the Proposer is relying solely on the Proposer’s own examination of the Properties and that of Proposer’s employees, agents, representatives and consultants.

VI. **RFP Schedule:** All dates are tentative and subject to change.

ARTICLE I. PREPARATION OF PROPERTY FOR REDEVELOPMENT

SEC. 101. Waiver of Claims and Joining in Petitions by Redeveloper. The Redeveloper hereby waives (as the purchaser of the Property under the Agreement and as the owner after the conveyance of the Property provided for in the Agreement) any and all claims to awards of damages, if any, to compensate for the closing, vacation, or change of grade of any street, alley, or other public right-of-way within or fronting or abutting on, or adjacent to, the Property which, pursuant to subdivision (a) of Section 103 hereof, is to be closed or vacated, or the grade of which is to be changed, and shall upon the request of the Agency subscribe to, and join with the Agency in any petition or proceeding required for such vacation, dedication, change of grade, and, to the extent necessary, rezoning, and execute any waiver or other document in respect thereof.

ARTICLE II. RIGHTS OF ACCESS TO PROPERTY

SEC. 201. Right of Entry for Utility Service. The Agency reserves for itself, the City, and any public utility company, as may be appropriate, the unqualified right to enter upon the Property at all reasonable times for the purpose of reconstruction, maintaining, repairing, or servicing the public utilities located within the Property boundary lines and provided for the easements described or referred to in Paragraph (a), Section 2 of Part I hereof.

SEC. 202. Redeveloper Not to Construct Over Utility Easements. The Redeveloper shall not construct any building or other structure or improvement on, over, or within the boundary lines of any easement for public utilities.
SEC. 203. Access to Property. Prior to the conveyance of the Property by the Agency to the Redeveloper, the Agency shall permit representatives of the Redeveloper to have access to any part of the Property as to which the Agency holds title, at all reasonable times for the purpose of obtaining data and making various tests concerning the Property necessary to carry out the Agreement. After the conveyance of the Property by the Agency to the Redeveloper, the Redeveloper shall permit the representatives of the Agency and the City access to the Property at all reasonable times which any of them deems necessary for the purposes of the Agreement and the covenant described in Section 6 of Part I, including, but not limited to, inspection of all work being performed in connection with the construction of the Improvements. No compensation shall be payable nor shall any charge be made in any form by any party for the access provided for in this Section.

ARTICLE III. CONSTRUCTION PLANS; CONSTRUCTION OF IMPROVEMENTS; CERTIFICATE OF COMPLETION

SEC. 301 Plans for Construction of Improvements. Plans and specifications with respect to the redevelopment of the Property and the construction of improvements thereon shall be in conformity with the Urban Renewal Plan, the Redeveloper's response to the RFP, the Agreement, the Ordinance calling the Election and all applicable State and local laws and regulations. As promptly as possible after the date of the Agreement, and, in any event, no later than the time specified therefor in Paragraph (a), Section 5 Part I hereof, the Redeveloper shall submit to the Agency, for approval by the Agency, plans, drawings, specifications, and related documents, and the proposed construction schedule (which plans, drawings, specifications, related documents, and progress schedule, together with any and all changes therein that may thereafter be made and submitted to the "Agency" as herein provided, are except as otherwise clearly indicated by the context, hereinafter collectively called "Construction Plans") with respect to the improvements to be constructed by the Redeveloper on the Property, in sufficient completeness and detail to show that such improvements and construction thereof will be in accordance with the provisions of the Urban Renewal Plan, the Redeveloper's response to the RFP, and the Agreement. The Agency shall, if the Construction Plans originally submitted conform to the provisions of the Urban Renewal Plan, the Redeveloper's response to the RFP, and the Agreement, approve in writing such Construction Plans and no further filing by the Redeveloper or approval by the Agency thereof shall be required except with respect to any material change. Such Construction Plans shall in any event, be deemed approved unless rejection thereof within forty-five (45) days after the date of their receipt by the Agency. If the Agency so rejects the Construction Plans in whole or in part as not being in conformity with the Urban Renewal Plan, the Redeveloper's response to the RFP, or the Agreement, the Redeveloper shall submit new or corrected Construction Plans which are in conformity with the Urban Renewal Plan, the Redeveloper's response to the RFP, and the Agreement with the time specified therefor in Paragraph (b), Section 5 of Part I hereof after written notification to the Redeveloper of the rejection. The provisions of this Section relating to approval, rejection, and resubmission of corrected Construction Plans hereinafore provided with respect to the original Construction Plans shall continue to apply until the Construction Plans have been approved by the Agency: Provided, that in any event the Redeveloper shall submit Construction Plans and all applicable materials to the Agency for approval by the Agency and the Agency shall approve or disapprove of the Construction Plans in whole or in part and the time specified therefor in Paragraph (c), Section 5 of Part I hereof. All work with respect to the improvements to be constructed or provided by the Redeveloper on the Property shall be in conformity with the Construction Plans as approved by the Agency. The term "Improvements", as used in this Agreement, shall be deemed to have reference to the improvements as provided and specified in the Construction Plans as so approved.

SEC. 302. Changes in Construction Plans. If the Redeveloper desires to make any change in the Construction Plans after their approval by the Agency, the Redeveloper shall submit the proposed change to the Agency for its approval. If the Construction Plans, as modified by the proposed change, conform to the requirements of Section 301 hereof with respect to such previously approved Construction Plans, the Agency shall approve the proposed change and notify the Redeveloper in writing of its approval. Such change in the Construction Plans shall, in any event, be deemed rejected, in whole or in part, unless written notice thereof is given by the Agency to the Redeveloper, setting forth such approval.

SEC. 303. Evidence of Equity Capital and Mortgage Financing. As promptly as possible after approval by the Agency of the Construction Plans, and in any event, no later than the time specified therefor in Paragraph (e), Section 5 Part I hereof, the Redeveloper shall submit to the Agency evidence satisfactory to the Agency that the Redeveloper has the equity capital and commitments for mortgage financing necessary for the construction of the Improvements.

The submission of Construction Plans and their approval by the Agency as provided in Section 301 hereof, and the submission of evidence of equity capital and commitments for mortgage financing as provided in Section 303 hereof, are conditions precedent to the obligation of the Agency to convey the Property to the Redeveloper.

SEC. 305. Commencement and Completion of Construction of Improvements. The Redeveloper agrees for itself, its successors and assigns, and every successor in interest to the Property, or any part thereof, and the Deed shall contain covenants on the part of the Redeveloper for itself and such successors and assigns, that the redevelopment of the Property through the construction of the Improvements thereon, and that such construction shall in any event begin within the period specified in Section 4 of Part I hereof and be completed within the period specified in such Section 4. It is intended and agreed, and the Deed shall so expressly provide, that without regard to technical classification or designation, legal or otherwise, and except only as otherwise specifically provided in the Agreement itself, be, to the fullest extent permitted by law and equity, binding for the benefit of the community, the Agency and the City and enforceable by the Agency and/or the City against the Redeveloper and its successors and assigns to or of the Property or any part thereof or any interest therein.

SEC. 306. Progress Reports. Subsequent to conveyance of the Property or any part thereof, to the Redeveloper, and until construction of the Improvements has been completed, the Redeveloper shall make reports, in such detail and at such times as may reasonably be requested by the Agency, as to the actual progress of the Redeveloper with respect to such construction.

(a) Promptly after completion of the Improvements in accordance with those provisions of the Agreement relating solely to the obligations of the Redeveloper to construct the Improvements (including the dates for beginning and completion thereof), the Agency shall furnish the Redeveloper with an appropriate instrument so certifying. Such certification by the Agency shall be (and it shall be so provided in the Deed and in the certification itself) a conclusive determination of satisfaction and termination of the agreements and covenants in the Agreement and in the Deed with respect to the obligations of the Redeveloper, and its successors and assigns, to construct the Improvements and the dates for the beginning and completion thereof. Such certification and such determination shall not constitute evidence of compliance with or satisfaction of any obligation of the Redeveloper to any holder of a mortgage, or any insurer or a mortgage, securing money loaned to finance the Improvements, or any part thereof.

(b) The certification provided for in this Section 307 shall be in such form as will enable it to be recorded in the proper office for the recordation of deeds and other instruments pertaining to the Property, including the Deed. If the Agency shall refuse or fail to provide any certification in accordance with the provisions of this Section, the Agency shall, within thirty (30) days after written request by the Redeveloper provide the Redeveloper with a written statement, indicating in adequate detail in what respects the Redeveloper has failed to complete the Improvements in accordance with the provisions of the Agreement, or is otherwise in default, and what measures or acts it will be necessary, in the opinion of the Agency, for the Redeveloper to take or perform in order to obtain such certification.

ARTICLE IV.  RESTRICTIONS UPON USE OF PROPERTY

SEC. 401. Restrictions on Use. The Redeveloper agrees for itself, and its successors and assigns, and every successor in interest to the Property, or any part thereof, and the Deed shall contain covenants on the part of the Redeveloper for itself, and such successors and assigns, that the Redeveloper, and such successors and assigns, shall:
(a) Devote the Property to and only to and in accordance with, the uses specified in the Urban Renewal Plan and in accordance with the Redeveloper’s response to the RFP; and
(b) Not discriminate upon the basis of race, color, creed, or national origin in the sale, lease, or rental or in the use or occupancy of the Property or any improvements erected or to be erected thereon, or any part thereof.

SEC. 402. Covenants; Binding Upon Successors in Interest Period of Duration. It is intended and agreed, and the Deed shall so expressly provide, that the agreements and covenants provided in Section 401 hereof shall be covenants running with the land and that they shall, in any event, and without regard to technical classification or designation, legal or otherwise, and except only as otherwise specifically provided in the Agreement, be binding, to the fullest extent permitted by law and equity, for the benefit and in favor of, and enforceable by, the Agency, its successors and assigns, and the City and any successor in interest to the Property, or any part thereof, against the Redeveloper, its successors and assigns and every successor in interest to the Property, or any part thereof. It is further intended and agreed that the agreement and covenant provided in subdivision (a) of Section 401 hereof shall remain in effect for the period of time, or until the date, specified or referred to in Section 6 Part I hereof (at which time such agreement and covenant shall terminate) and that the
agreements and covenants provided in subdivision (b) of Section 401 hereof shall remain in effect without limitation as to time: Provided, that such agreements and covenants shall be binding on the Redeveloper itself, each successor in interest to the Property, and every part thereof, and each party in possession or occupancy, respectively, only for such period as such successor or party shall have title to, or an interest in, or possession or occupancy of, the Property or part thereof. The terms "uses specified in the Urban Renewal Plan" and "land use" referring to provisions of the Urban Renewal Plan, or similar language, in the Agreement shall include the land and all building, housing, and other requirements or restrictions of the Urban Renewal Plan pertaining to such land.

SEC. 403. Agency and United States Rights to Enforce. In amplification, and not in restriction of the provisions of the preceding Section it is intended and agreed that the Agency and its successors and assigns and the City and its successors and assigns shall be deemed beneficiaries of the agreements and covenants provided in Section 401 hereof, both for and in their or its own right and also for the purposes of protecting the interests of the community and other parties, public or private, in whose favor or for whose benefit such agreements and covenants have been provided. Such agreements and covenants shall (and the Deed shall so state) run in favor of the Agency and the City, for the entire period during which such agreements and covenants shall be in force and effect, without regard to whether the Agency or the City has at any time been, remains, or is an owner of any land or interest therein to or in favor of which such agreements and covenants relate. The Agency shall have the right, in the event of any breach of any such agreement or covenant, and the City shall have the right in the event of any breach of the covenant provided in subdivision (b) of Section 401 hereof, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiaries of such agreement or covenant may be entitled.

ARTICLE V. PROHIBITIONS AGAINST ASSIGNMENT AND TRANSFER

SEC. 501. Interval for Requesting Transfer of Property and Assignment of Agreement. The interval within which the Redeveloper may request a transfer of the Property and assignment of the Agreement shall be between the date of the Agreement and the date for the submission of equity capital and mortgage financing set forth in Part I, Section 5(e) of the Agreement.

SEC. 502. Representations As to Redevelopment. The Redeveloper represents and agrees that its purchase of the Property, and its other undertakings pursuant to the Agreement, are, and will be used, for the purpose of redevelopment of the Property and not for speculation in land holding. The Redeveloper further recognizes that, in view of:

(a) the importance of the redevelopment of the Property to the general welfare of the community

(b) the substantial financing and other public aids that have been made available by law and by the Agency and the City, if applicable, for the purpose of making such redevelopment possible; and

(c) the fact that a transfer of the stock in the Redeveloper or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in the ownership or distribution of such stock or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, is for practical purposes a transfer or disposition of the Property then owned by the Redeveloper, the qualifications and identity of the Redeveloper, and its stockholders are of particular concern to the community and the Agency. The Redeveloper further recognizes that it is because of such qualifications and identity that the Agency is entering into the Agreement with the Redeveloper, and in so doing, is further willing to accept and rely on the obligations of the Redeveloper for the faithful performance of undertakings and covenants hereby by it to be performed.

SEC. 503. Prohibition Against Transfer of Shares of Stock; Binding Upon Stockholders Individually. For the foregoing reasons, the Redeveloper represents and agrees for itself, its stockholders, and any successor in interest of itself and its stockholders, respectively, that: Prior to completion of the Improvements as certified by the Agency, and without the prior written approval of the Agency, (a) there shall be no transfer by any party owner of 10 percent or more of the stock in the Redeveloper (which term shall be deemed for the purposes of this and related provisions to include successors in interest of such stock or any part thereof or interest therein), (b) nor shall any such owner suffer any such transfer to be made, (c) nor shall there be or be suffered to be by the Redeveloper, or by any owner of 10 percent or more of the stock therein, any other similarly significant change in the ownership of such stock or in the relative distribution thereof, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, by any other method or means, whether by increased capitalization, merger with another corporation corporate or other amendments, issuance of additional or new stock or classification of stock, or otherwise. The Agency will consider request for variances from this prohibition for the transfers made in the ordinary course of business. With respect to this provision, the Redeveloper and
the parties signing the Agreement on behalf of the Redeveloper represent that they have the authority of all of its existing stockholders to agree to this provision on their behalf and to bind them with respect thereto.

SEC. 504. Prohibition Against Transfer of Property and Assignment of Agreement. Also, for the foregoing reasons the Redeveloper represents and agrees for itself, and its successors and assigns, that except only by way of security for, and only for (i) the purpose of obtaining financing necessary to enable the Redeveloper or any successor in interest to the Property, or any part thereof, to perform its obligations with respect to making the Improvements under the Agreement, and (ii) any other purpose authorized by the Agreement, the Redeveloper (except as so authorized) has not made or created, and that it will not, prior to the proper completion of the Improvements as certified by the Agency, make or create, or suffer to be made or created, any total or partial sale, assignment, conveyance, or lease or any trust or power, or transfer in any other mode or form of or with respect to the Agreement or the Property, or any part thereof or any interest therein, or any contract or agreement to do any of the same, without the prior written approval of the Agency: Provided, that, prior to the issuance by the Agency of the certificate provided for in Section 307 hereof as to completion of the construction of the Improvements, the Redeveloper may enter into any agreement to sell, lease, or otherwise transfer, after the issuance of such certificate, the Property or any part thereof or interest therein, which agreement shall not provide for payment of or on account of the purchase price or rent for the Property, or the part thereof or the interest therein to be so transferred, prior to the issuance of such certificate.

(a) The Agency shall be entitled to require, except as otherwise provided in the Agreement, as conditions to any such approval that:

1. Any proposed transferee shall have the qualifications and financial responsibility, as determined by the Agency, necessary and adequate to fulfill the obligations undertaken in the Agreement by the Redeveloper (or in the event the transfer is of or relates to part of the Property, such obligations to the extent that they relate to such part).

2. Any proposed transferee, by instrument in writing satisfactory to the Agency and in form recordable among the land records, shall, for itself and its successors and assigns, and expressly for the benefit of the Agency, have expressly assumed all of the obligations of the Redeveloper under the Agreement and agreed to be subject to all the conditions and restrictions to which the Redeveloper is subject (or, in the event the transfer is of or relates to part of the Property, such obligations, conditions, and restrictions to the extent that they relate to such part): Provided, that the fact that any transferee of, or any other successor in interest whatsoever to, the Property, or any part thereof, shall, whatever the reason, not have assumed such obligations or so agreed, shall not (unless and only to the extent otherwise specifically provided in the Agreement or agreed to in writing by the Agency) relieve or except such transferee or successor of or from such obligations, conditions, or restrictions, or deprive or limit the Agency of or with respect to any rights or remedies or controls with respect to the Property or the construction of the Improvements; it being the intent of this, together with other provisions of the Agreement, that (to the fullest extent permitted by law and equity and excepting only in the manner and to the extent specifically provided otherwise in the Agreement) no transfer of, or change with respect to, ownership in the Property or any part thereof, or any interest therein, however consummated or occurring, and whether voluntary or involuntary, shall operate, legally or practically, to deprive or limit the Agency of or with respect to any rights or remedies or controls provided in or resulting from the Agreement with respect to the Property and the construction of the Improvements that the Agency would have had, had there been no such transfer or change.

3. There shall be submitted to the Agency for review all instruments and other legal documents involved in effecting transfer; and if approved by the Agency, its approval shall be indicated to the Redeveloper in writing.

4. The consideration payable for the transfer by the transferee or on its behalf shall not exceed an amount representing the actual cost (including carrying charges) to the Redeveloper of the Property (or allocable to the part thereof or interest therein transferred) and the Improvements, if any, theretofore made thereon by it; it being the intent of this provision to preclude assignment of the Agreement or transfer of the Property for profit prior to the completion of the Improvements and to provide that in the event any such assignment or transfer is made (and is not canceled) the Agency shall be entitled to increase the Purchase Price to the Redeveloper by the amount that the consideration payable for the assignment or transfer is in excess of the amount that may be authorized pursuant to this subdivision (4), and such consideration shall, to the extent it is in excess of the amount so authorized, belong to and forthwith be paid to the Agency.
(5) Transferee will be required to submit to the Agency an irrevocable letter of credit, issued by a bank or lending institution, wherein the Agency is the beneficiary, or a surety bond in form and substance satisfactory to the Agency, in which the Agency is the Obligee, issued by a surety company regularly engaged in the issuance of such undertakings and on the list of surety companies approved by the United States Treasury, in an amount not to exceed ten percent (10%) of the total cost of the construction proposed by bidder as guarantee that said construction will be completed within the time specified in the Warranty Deed conveying title to the property. Said irrevocable letter of credit or surety bond shall be submitted by Transferee to the Agency on or before the date the Agency approves the transfer.

(6) The Redeveloper and its transferee shall comply with such other conditions as the Agency may find desirable in order to achieve and safeguard the purposes of the Urban Renewal Act and the Urban Renewal Plan.

Provided, that in the absence of specific written agreement by the Agency to the contrary, no such transfer or approval by the Agency thereof shall be deemed to relieve the Redeveloper, or any other party bound in any way by the Agreement or otherwise with respect to the construction of the Improvements, from any of its obligations with respect thereto.

SEC. 605. Information As to Stockholders. In order to assist in the effectuation of the purposes of this Article V and the statutory objectives generally, the Redeveloper agrees that during the period between execution of the Agreement and completion of the Improvements as certified by the Agency, (a) the Redeveloper will promptly notify the Agency of any and all changes whatsoever in the ownership of stock, legal or beneficial, or of any other act or transaction involving or resulting in any change in the ownership of the respective business, which includes ownership of such stock or in the relative distribution thereof, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, of which it or any of its offices have been notified or otherwise have knowledge or information; and (b) the Redeveloper shall, at such time or times as the Agency may request, furnish the Agency with a complete statement, subscribed and sworn to by the President or other executive officer of the Redeveloper, setting forth all of the stockholders of the Redeveloper and the extent of their respective holdings, and interest, all as determined or indicated by the records of the Redeveloper, by specific inquiry made by any such office, of all parties who on the basis of such records own 10 percent or more of the stock in the Redeveloper, and by such other knowledge or information as such officer shall have. Such lists, data, and information shall in any event be furnished the Agency immediately prior to the delivery of the Deed to the Redeveloper and as a condition precedent thereto, and annually thereafter on the anniversary of the date of the Deed until the issuance of a certificate of completion for all the Property.

ARTICLE VI. MORTGAGE FINANCING; RIGHTS OF MORTGAGEES

SEC. 601. Limitation Upon Encumbrance of Property. Prior to the completion of the Improvements, as certified by the Agency, neither the Redeveloper nor any successor in interest to the Property or any part thereof shall engage in any financing or any other transaction creating any mortgage or other encumbrance or lien upon the Property, whether by express agreement or operation of law, or suffer any encumbrance or lien to be made on or attach to the Property, except for the purposes of obtaining (a) funds only to the extent necessary for making the Improvements and (b) such additional funds, if any, in an amount not to exceed the Purchase Price paid by the Redeveloper to the Agency. The Redeveloper (or successor in interest) shall notify the Agency in advance of any financing secured by mortgage or other similar lien instrument, it proposes to enter into with respect to the Property, or any part thereof, and in any event it shall promptly notify the Agency of any encumbrance or lien that has been created on or attached to the Property, whether by voluntary act of the Redeveloper or otherwise. For the purposes of such mortgage financing as may be made pursuant to the Agreement, the Property may, at the option of the Redeveloper (or successor in interest), be divided into several parts or parcels, provided that such subdivision, in the opinion of the Agency is not inconsistent with the purposes of the Urban Renewal Plan and the Agreement and is approved in writing by the Agency.

SEC. 602. Mortgagor Not Obligated to Construct. Notwithstanding any of the provisions of the Agreement, including but not limited to those which are or are intended to be covenants running with the land, the holder of any mortgage authorized by the Agreement (including any such holder who obtains title to the Property or any part thereof as a result of foreclosure proceedings, or action in lieu thereof, but not including (a) any other party who thereafter obtains title to the Property or such part from or through such holder or (b) any other purchaser at foreclosure sale other than the holder of the mortgage itself) shall in no wise be obligated by the provisions of the Agreement to construct or complete the Improvements or to guarantee such construction or completion nor the shall any covenant or any other provision in the Deed be construed to so obligate such holder: Provided, that nothing in this Section or provision of the Agreement shall be deemed or construed to permit or authorize any such holder to devote the Property or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided or permitted in the Urban Renewal Plan.
SEC. 603. Copy of Notice of Default to Mortgagee. Whenever the Agency shall deliver any notice or demand to the Redeveloper with respect to any breach or default by the Redeveloper in its obligations or covenants under the Agreement, the Agency shall at the same time forward a copy of such notice or demand to each holder of any mortgage authorized by the Agreement at the last address of such holder shown in the records of the Agency.

SEC. 604. Mortgagee’s Option to Cure Defaults. After any breach or default referred to in Section 603 hereof, each such holder shall (insofar as the rights of the Agency are concerned) have the right, at its option, to cure or remedy such breach or default (or such breach or default to the extent that it relates to the part of the Property covered by its mortgage) and to add the cost thereof to the mortgage debt and the lien of its mortgage: Provided, that if the breach or default is with respect to construction of the Improvements, nothing contained in this Section or any other Section of the Agreement shall be deemed to permit or authorize such holder, either before or after foreclosure or action in lieu thereof, to undertake or continue the construction or completion of the Improvements (beyond the extent necessary to conserve or protect Improvements or construction already made) without first having expressly assumed the obligation to the Agency, by written agreement satisfactory to the Agency, to complete, in the manner provided in the Agreement, the Improvements on the Property or the part thereof to which the lien or title to such holder relates. Any such holder who shall properly complete the Improvements relating to the Property or applicable part thereof shall be entitled, upon written request made to the Agency, to a certification or certifications by the Agency to such effect in the manner provided in Section 307 of the Agreement, and any such certification shall, if so requested by such holder, mean and provide that any remedies or rights with respect to recapture of or reversion or revesting of title to the Property that the Agency shall have or be entitled to because of failure of the Redeveloper or any successor in interest to the Property, or any part thereof, to cure or remedy any default with respect to the construction of the Improvements on other parts or parcels of the Property, or because of any other default in or breach of the Agreement by the Redeveloper or such successor, shall not apply to the part or parcel of the Property to which such certification relates.

SEC. 605. Agency’s Option To Pay Mortgage Debt or Purchase Property. In any case, where subsequent to default or breach by the Redeveloper (or successor in interest) under the Agreement, the holder of any mortgage on the Property or part thereof:

(a) has, but does not exercise the option to construct or complete the Improvements relating to the Property or part thereof covered by its mortgage or to which it has obtained title, and such failure continues for a period of sixty (60) days after the holder has been notified or informed of the default or breach; or

(b) undertakes construction or completion of the Improvements but does not complete such construction within the period as agreed upon by the Agency and such holder (which period shall in any event be at least as long as the period prescribed for such construction or completion in the Agreement), and such default shall not have been cured within sixty (60) days after written demand by the Agency so to do, the Agency shall (and every mortgage instrument made prior to completion of the Improvements with respect to the Property by the Redeveloper or successor in interest shall so provide) have the option of paying to the holder the amount of the mortgage debt and securing an assignment of the mortgage and the debt secured thereby, or, in the event ownership of the Property (or part thereof) has vested in such holder by way of foreclosure or action in lieu thereof, the Agency shall be entitled, at its option, to a conveyance to it of the Property or part thereof (as the case may be) upon payment to such holder of an amount equal to the sum of: (i) the mortgage debt at the time of foreclosure or action in lieu thereof (less all appropriate credits, including those resulting from collection and application of rentals and other income received during foreclosure proceedings); (ii) all expenses with respect to the foreclosure; (iii) the net expense, if any (exclusive of general overhead), incurred by such holder in and as a direct result of the subsequent management of the Property; (iv) the costs of any Improvements made by such holder; and (v) an amount equivalent to the interest that would have accrued on the aggregate of such amounts had all such amounts become part of the mortgage debt and such debt had continued in existence.

SEC. 606. Agency’s Option To Cure Mortgage Default. In the event of a default or breach prior to the completion of the Improvements by the Redeveloper, or any successor in interest, in or of any of its obligations under, and to the holder of, any mortgage or other instrument creating an encumbrance or lien upon the Property or part thereof, the Agency may at its option cure such default or breach, in which case the Agency shall be entitled, in addition to and without limitation upon any other rights or remedies to which it shall be entitled by the Agreement, operation of law, or otherwise, to reimbursement from the Redeveloper or successor in interest of all costs and expenses incurred by the Agency in curing such default or breach and to a lien upon the Property (or the part thereof to which the mortgage, encumbrance, or lien relates) for such reimbursement: Provided, that any such lien shall be subject always to the lien of (including any lien contemplated, because of advances yet to be made, by) any then existing mortgages on the Property authorized by the
SEC. 607. Mortgage and Holder. For the purposes of the Agreement: The term “mortgage” shall include a deed of trust or other instrument creating an encumbrance or lien upon the Property, or any part thereof, as security for a loan. The term “holder” in reference to a mortgage shall include any insurer or guarantor of any obligation or condition secured by such mortgage or deed of trust.

ARTICLE VII. REMEDIES

SEC. 701. In General. Except as otherwise provided in the Agreement, in the event of any default in or breach of the Agreement, or any of its terms or conditions, by either party hereto, or any successor to such party, such party (or successor) shall, upon written notice from the other, proceed immediately to cure or remedy such default or breach, and, in any event, within sixty (60) days after receipt of such notice. In case such action is not taken or not diligently pursued, or the default or breach shall not be cured or remedied within a reasonable time, the aggrieved party may institute such proceedings as may be provided in Article VII of Part II.

SEC. 702. Termination by Redeveloper Prior to Conveyance. In the event that the Agency does not tender conveyance of the Property, or possession thereof, in the manner and condition and by the date, provided in the Agreement, and any such failure shall not be cured within thirty (30) days after the date of written demand by the Redeveloper, then the Agreement shall, as its sole option, be terminated by written notice thereof to the Agency, and except with respect to the return of the Deposit and Earnest Money as provided in Paragraph (d), Section 3 of Part I hereof, neither the Agency nor the Redeveloper shall have any further rights against or liability to the other under the Agreement.

SEC. 703. Termination by Agency Prior to Conveyance. In the event that:

(a) prior to conveyance of the Property to the Redeveloper and in violation of the Agreement

(i) the Redeveloper (or any successor in interest) assigns or attempts to assign the Agreement or any rights therein, or in the Property, or

(ii) there is any change in the ownership or distribution of the stock of the Redeveloper or with respect to the identity of the parties in control of the Redeveloper or the degree thereof; or

(b) the Redeveloper does not submit Construction Plans, as required by the Agreement, or evidence that is has the necessary equity capital and mortgage financing, in satisfactory form and in the manner and by the dates respectively provided in the Agreement therefor; or

(c) the Redeveloper does not pay the Purchase Price and take title to the Property upon tender conveyance by the Agency pursuant to the Agreement;

then the Agreement, and any rights of the Redeveloper, or any assignee or transferee, in the Agreement, or arising therefrom with respect to the Agency or the Property, may be: (i) terminated by the Agency, in which event, as provided in Paragraph (c), Section 3 of Part I hereof, the Deposit and Earnest Money shall be retained by the Agency as liquidated damages and as its property without any deduction, offset, or recoupment whatsoever, and neither the Redeveloper (or assignee or transferee) nor the Agency shall have any further rights against or liability to the other under the Agreement; or (ii) the Agency may pursue specific performance of this Agreement; and/or (iii) the Agency may pursue any other rights or remedies available at law or equity.

SEC. 704. Revesting Title in Agency Upon Happening of Event Subsequent to Conveyance to Redeveloper. In the event that subsequent to conveyance of the Property or any part thereof to the Redeveloper and prior to completion of the Improvements as certified by the Agency:

(a) the Redeveloper (or successor in interest) shall default in or violate its obligations with respect to the construction of the Improvements (including the nature and the dates for the beginning and completion thereof), or shall abandon or substantially suspend construction work, and any such default, violation, abandonment, or suspension shall not be cured, ended or remedied within three (3) months or six (6) months, if the default is with respect to the date for completion of the Improvements) after written demand by the Agency so to do; or

(b) the Redeveloper (or successor in interest) shall fail to pay real estate taxes or assessments on the Property or
any part thereof when due, or shall place thereon any encumbrance or lien unauthorized by the Agreement, or shall suffer any levy or attachment to be made, or any materialmen's or mechanic's lien, or any other unauthorized encumbrance or lien to attach and such taxes or assessments shall not have been paid, or encumbrance or lien removed or discharged or provision satisfactory to the Agency made for such payment, removal, or discharge, within ninety (90) days after written demand by the Agency so to do; or

(c) there is, in violation of the Agreement any transfer of the Property or any part thereof, or any change in the ownership or distribution of stock of the Redeveloper, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, and such violation shall not be cured within sixty (60) days after written demand by the Agency to the Redeveloper then the Agency shall have the right to re-enter and take possession of the Property and to terminate (and revest in the Agency) the estate conveyed by the Deed to the Redeveloper, it being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the Property to the Redeveloper shall be made upon and that the Deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction by the Redeveloper specified in subdivisions (a), (b) and (c) of this Section 704, failure on the part of the Redeveloper to remedy, end or abrogate such default, failure, violation or other action or inaction within the period and in the manner stated in such subdivisions, the Agency at its option may declare a termination in favor of the Agency of the title and of all the rights and interests in and to the Property conveyed by the Deed to the Redeveloper and that such title and all rights and interests of the Redeveloper and any assigns or successors in interest to and in the Property, shall revert to the Agency: Provided, that such condition subsequent and any revesting of title as a result thereof in the Agency

(1) Shall always be subject to and limited by and shall not defeat, render invalid or limit in any way
   (i) the lien of any mortgage authorized by the Agreement, and (ii) any rights or interest
   provided in the Agreement for the protection of the holders of such mortgages; and

(2) Shall not apply to individual parts or parcels of the Property (or, in the case of parts or parcels leased, the
   leasehold interest on which the Improvements to be constructed thereon have been completed in accordance with
   the Agreement and for which a certificate of completion is issued therefor as provided in Section 307 hereof.

In addition to and without in any way limiting the Agency's right to re-entry as provided for in the preceding sentence, the
Agency shall have the right to retain the Deposit, as provided in Paragraph (d) Section 3 of Part I hereof, without any
deduction, offset or recoupment whatsoever, in the event of a default, violation or failure of the Redeveloper as specified in the
preceding sentence.

SEC. 705. Resale of Reacquired Property; Disposition of Proceeds. Upon the revesting in the Agency of title to the
Property or any part thereof as provided in Section 704, the Agency shall, pursuant to its responsibilities under State law,
use its best efforts to resell the Property or part thereof (subject to such mortgage liens and leasehold interests as in
Section 704 set forth and provided) as soon and in such manner as the Agency shall find feasible and consistent with the
objectives of such law and the Urban Renewal Plan to a qualified and responsible party or parties (as determined by the
Agency) who will assume the obligation of making or completing the Improvements or such other improvements in their
stead as shall be satisfactory to the Agency and in accordance with the uses specified for such Property or part thereof in
the Urban Renewal Plan. Upon such resale of the Property, the proceeds shall be applied:

(a) First, to reimburse the Agency, on its own behalf and that of the City, for all costs and expenses incurred by the
Agency, including but not limited to salaries of personnel, in connection with the recapture, management and resale of the
City Property or part thereof (but less any income derived by the Agency from the Property or part thereof in connection
with such management); all taxes, assessments and water and sewer charges with respect to the Property or part thereof
(or, in the event the Property is exempt from taxation or assessment or such charges during the period of ownership thereof
by the Agency, an amount, if paid, equal to such taxes, assessments, or charges (as determined by the City assessing
official) as would have been payable if the Property were not so exempt); any payments made or necessary to be made to
discharge any encumbrances or liens existing on the Property or part thereof at the time of revesting of title thereto in the
Agency or to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations,
defaults or acts of the Redeveloper, its successors or transferees; any expenditures or liens due to obligations incurred with
respect to the making or completion of the Improvements or any part thereof on the Property or part thereof and any
amounts otherwise owing the Agency by the Redeveloper and its successor or transferee; and

(b) Second, to reimburse the Redeveloper, its successor or transferee, up to the amount equal to (1) the sum of the
purchase price paid by it for the Property (or allocable to the part thereof) and the cash actually invested by it in making any
of the Improvements on the Property or part thereof, less (2) any gains or income withdrawn or made by it from the
Agreement or the Property.

Any balance remaining after such reimbursements shall be retained by the Agency as its property.

SEC. 706. Other Rights and Remedies of Agency: No Waiver by Delay. The City and Agency shall have the right to institute such actions or proceedings as it may deem desirable for effectuating the purposes of this Article VII, including also the right to execute and record or file among the public land records in the office in which the Deed is recorded a written declaration of the termination of all the right, title, and interest of the Redeveloper and (except for such individual parts or parcels upon which construction of that part of the Improvements required to be constructed thereon has been completed, in accordance with the Agreement, and for which a certificate of completion as provided in Section 307 hereof is to be delivered and subject to such mortgage liens and leasehold interests as provided in Section 704 hereof) its successors in interest and assigns, in the Property and the vesting of title thereto in the Agency: Provided, that any delay by the City and Agency in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights under this Article VII shall not operate as a waiver of such rights or to deprive it or limit such rights in any way (it being the intent of this provision that the Agency should not be constrained so as to avoid the risk of waiver, laches or otherwise) to exercise such remedy at a time when it may still hope otherwise to resolve the problems created by the default involved); nor shall any waiver in fact made by the City and Agency with respect to any specific default by the Redeveloper under this Section be considered or treated as a waiver of the rights of the Agency with respect to any other defaults by the Redeveloper under this Section or with respect to the particular default except to the extent specifically waived in writing.

SEC. 707. Enforced Delay in Performance for Causes Beyond Control of Party. For the purposes of any of the provisions of the Agreement, neither the City, Agency nor the Redeveloper, as the case may be, nor any successor in interest, shall be considered in breach of, or default in, its obligations with respect to the preparation of the Property for redevelopment, or the beginning and completion of construction of the Improvements, or progress in respect thereof, in the event of enforced delay in the performance of such obligations due to unforeseeable causes beyond its control and without its fault or negligence, including, but not restricted to, acts of God, acts of the public enemy, acts of the federal government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes; it being the purpose and intent of this provision that in the event of the occurrence of any such enforced delay, the time or times for performance of the obligations of the City or Agency with respect to the preparation of the Property for redevelopment or of the Redeveloper with respect to construction of the Improvements, as the case may be, shall be extended for the period of the enforced delay as determined by the Agency: Provided, that the party seeking the benefit of the provisions of this Section shall, within ten (10) days after the beginning of any such enforced delay have first notified the other party thereof in writing and of the cause or causes thereof and requested an extension for the period of the enforced delay.

SEC. 708. Rights and Remedies Cumulative. The rights and remedies of the parties to the Agreement whether provided by the Agreement, shall be cumulative and the exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other such remedies for the same default or breach or of any of its remedies for any other default or breach by the other party. No waiver made by either party with respect to the performance or manner or time thereof, or any obligation of the other party or any condition to its own obligation under the Agreement shall be considered a waiver of any rights of the party making the waiver with respect to the particular obligation of the other party or condition to its own obligation beyond those expressly waived in writing and to the extent thereof, or a waiver in any respect in regard to any other rights of the party making the waiver or any other obligations of the other party.

SEC. 709. Party in Position of Surety With Respect to Obligations. The Redeveloper, for itself and its successors and assigns and for all other persons who are or who shall become, whether by express or implied assumption or otherwise, liable upon or subject to any obligation or burden under the Agreement, hereby waives, to the fullest extent permitted by law and equity, any and all claims or defenses otherwise available on the ground of its (or their) being or having become a person in the position of a surety, whether real, personal or otherwise or whether by agreement or operation of law, including, without limitation on the generality of the foregoing, any and all claims and defenses based upon extension of time, indulgence, or modification of terms or contract.

ARTICLE VIII. MISCELLANEOUS

SEC. 801. Conflicts of Interests; Agency Representatives Not Individually Liable. No member, official, or employee of the Agency or the City shall have any personal interest, direct or indirect, in the Agreement, nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership, or association in which he is, directly or indirectly, interested. No member, official, or employee of the Agency or City shall be personally liable to the Redeveloper, or any successor in interest, in the
event of any default or breach by the Agency or City or for any amount which may become due to the Redeveloper or successor or on any obligations under the terms of the Agreement.

SEC. 802. Equal Employment Opportunity. The Redeveloper, for itself and its successors and assigns, agrees that during the construction of the Improvements provided for in the Agreement:

(a) The Redeveloper will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Redeveloper will take affirmative action to insure that applicants are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Redeveloper agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Agency setting forth the provisions of this nondiscrimination clause.

(b) The Redeveloper will, in all solicitations or advertisements for employees placed by or on behalf of the Redeveloper, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.

SEC. 803. SBEDA. The Redeveloper agrees to comply with the Small Business Economic Development Utilization Plan as determined by the City for the Project, as more particularly described in the City's Ordinance No. 2016-05-19-0367 as may be amended.

SEC. 804. Insurance Requirements. The Redeveloper agrees to maintain minimum insurance coverage during the construction of improvements on the Property and in the amounts specified by the City. Such insurance shall name the Agency and the City as additional insureds to the required policies.

SEC. 805. Modifications to Agreement. In the event the Redeveloper requests any change in or modification of the Agreement, said Redeveloper shall be required to submit to the Agency an irrevocable letter of credit, issued by a bank or lending institution wherein the Agency is the beneficiary or a surety bond in form and substance satisfactory to the Agency, in which the Agency is the Obligee, issued by a surety company regularly engaged in the issuance of such undertakings and on the list of surety companies approved by the United States Treasury, in an amount not to exceed ten percent (10%) of the total cost of the construction proposed by bidder as guarantee that said construction will be completed within the time specified in the Warranty Deed conveying title to the property. Said irrevocable letter of credit or surety bond shall be submitted to the Agency by Redeveloper on such date as the Agency specifies in writing.

SEC. 806. Provisions Not Merged With Deed. None of the provisions of the Agreement are intended to or shall be merged by reason of any deed transferring title to the Property from the Agency to the Redeveloper or any successor in interest and any such deed shall not be deemed to affect or impair the provisions of the Agreement.

SEC. 807. Titles of Articles and Sections. Any titles of the several parts, Articles and Sections of the Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.
**Schedule 5**

**UNDERWRITING STANDARDS**

**APPLIES ONLY TO THE SELECTED SUCCESSFUL PROPOSAL**

Although the City's underwriting criteria is not identical to HUD-funded federal housing programs, the City's approach to underwriting has been informed by those programs.

**Introduction**

The City of San Antonio, Texas (the “City”) in partnership with the Office of Urban Redevelopment San Antonio (OUR SA), is implementing a voter approved 2017-2022 Neighborhood Improvements Bond (“NIB Program”). As further outlined in other documents, a portion of the NIB Program is dedicated to the acquisition and preparation of property in 12 target neighborhoods with the ultimate goal of facilitating the production of affordable/Workforce Housing. Through a series of RFPs, the City will make specific properties and/or funding available and take proposals from developers. To support the evaluation of those proposals, both initially and prior to entering into binding agreements and transferring ownership of specific properties for development, the City has established these underwriting guidelines.

The City’s approach to underwriting is informed not only by traditional “lending” perspectives but by a holistic approach to balancing the various risks inherent in any real estate transaction and the public purposes the City seeks to support – not the least of which is producing safe, decent, affordable housing that will be an enduring community resource.

**Underwriting Overview**

In reviewing proposals for funding under the NIB Program, keeping with prudent business practices and perspectives gained from federally funded programs administered, the City’s underwriting framework includes evaluations of:

- **Regulatory requirements** applicable to the project, including compliance (or ability to become compliant) with the NIB Program and applicable underlying requirements of the Texas Local Government Code;
- **Market risk**, including whether or not sufficient demand exists for the project, the anticipated sales/absorption period, and whether general economic conditions and other competition supports ongoing viability;
- **Developer risk**, focusing on whether the owner/developer (including but not limited to the underlying owners of special purpose entities) have the technical capacity to develop, market, and sell the property and the financial capacity to safeguard public funds and backstop the project if the event of poor financial performance; and
- **Project risk** (or “financial underwriting”), testing the economic and financial projections for the transaction including both sources and uses as well as the projections of likely sales proceeds and their uses. This includes confirmation that all sources of project financing are available, commercially reasonable, and have been appropriately maximized prior to entering into a binding sales and/or funding agreement related to NIB Program-financed projects.

**Market Assessment**

The City’s approach to market assessment of for-sale proposals will generally vary based on whether the
applicant is proposing a “pre-sale” or “spec building approach.”

**Pre-sale Approach:** Some developers use a pre-sale approach whereby they identify specific buyers for a given unit prior to beginning construction. This may involve the buyer having formally signed a purchase agreement (subject to appropriate approvals by the City) for the unit or may involve other less binding reservation agreements.

In such cases, to assess the market for the units proposed, the City will primarily review:

- Information about the specifically identified buyers, focusing on their pre-qualification information suggesting they are income eligible, able to meet the City's Homebuyer Underwriting Standards (including their ability to qualify for an acceptable first mortgage as applicable), and the formality of the “pre-sale” arrangement; and

- Information about “excess” pipeline of potential buyers currently working with the developer. This may include formal waiting lists of similarly pre-qualified buyers, lists of interested applicants who are at earlier stages of the pre-qualification process (e.g. individuals who have completed counseling but are not yet pre-qualified for a mortgage, those who are participating in homeownership and/or similar financial counseling and working through credit issues, etc.)

**Key Evaluation:** In general, when a unit is presold, the primary market risk to address is the potential that a given buyer will “fall out” and need to be replaced. This can happen for reasons ranging from a buyer losing a job, getting sick, receiving a new job outside the region, or backing out of the purchase for some other reason. When the developer has a strong track record of closing with originally identified buyers, the City will expect a waiting list of pre-qualified buyers beyond the buyers specifically tied to the project’s unit(s) half the number of units under construction (rounded up to a whole number). For example, if a developer is proposing to build six units, then the waiting list must have at least three additional prequalified buyers.

For situations where the pipeline is made up of potential buyers who are in earlier stages of the process but not fully prequalified, the City will expect to see a higher ratio of documented pipeline to proposed units. This may be based on a review of the developer’s track record of converting its potential buyer pipeline to closings. Alternatively, absent a waiting list of pre-qualified “backup” buyers, the City may require submission of market data as outline in the “Spec Building” section below.

Applicants must prepare and submit an analysis of the market for the proposed project. Developers may engage their real estate agent or another qualified party to help assemble the information.

The assessment must:

- **Identify the neighborhood market area** in which the project is located. This may involve existing, recognized neighborhood boundaries or other relevant boundaries such as jurisdictional or school district lines, major traffic corridors, natural features like rivers, etc. It may also involve recognized “neighborhood” or “submarkets” commonly used in the area Multiple Listing Service (MLS).
• Itemize and summarize **residential sales from the past year.** Sales should be broken out, insomuch as possible, by owner-occupied vs. rental (investor owned), new vs. existing, and price range. Particular emphasis should be given to sales within +/- $25,000 of the anticipated market value of the unit(s) being proposed by the applicant. To the degree known, the following data must also be provided:
  o Number of bedrooms/bathrooms, sq. footage, other amenities, etc.
  o Original list vs. final sales price;
  o “Days on market” for each home sale should be listed and an average compiled;
  o Seller concessions offered or provided;
  o Cash sales vs. those financed with a mortgage;

Data should include all publicly disclosed sales, including any that may have been “for-sale by owner” or otherwise not listed through a realtor and/or identified in the MLS.

• Itemize and summarize **current for-sale properties.** Other than actual sales pricing, the same information for past sales must be provided for currently for-sale properties. Particular emphasis should be given to homes offered within +/- $25,000 of the unit(s) being proposed.

• Identify and summarize the **pipeline of homes under development**, including the availability of “build to suit” lots with infrastructure already in place.

• Based on the information above, the assessment must calculate **“months of supply”** available for both residential homes in general and for those within +/- $25,000 of the proposed unit(s).

• Evaluate the **minimum income and buyer cash investment needed to purchase proposed units**, taking into account prevailing mortgage lending parameters (e.g., rates, terms, mortgage insurance costs) and a front-end (or housing) debt to income ratio no more than 30%. This analysis should be completed for each “typical” unit type in the proposal. If special financing is being made available to eligible buyers, applicants should provide clear descriptions of the unique features and evidence of the availability of such financing (e.g., some banks making construction loans to developers will provide reduced rate purchase money financing to buyers of units).

• Provide an evaluation and summary of any **pipeline of buyers** currently working with the developer. This may include formal waiting lists of pre-qualified buyers who have reserved or otherwise expressed interest in the proposed units. It may also lists of interested applicants who are at earlier stages of the pre-qualification process (e.g., individuals who have completed counseling but are not yet pre-qualified for a mortgage, those who are participating in homeownership and/or similar financial counseling and working through credit issues, etc.). The applicant should also describe the formality of any “pre-sale” arrangements in place with qualified buyers.

**Key Evaluation:** In general, the City will focus on whether the average days on the market competing (i.e., within a reasonable price range of proposed units) is less than 90 days and whether, as of the application, there is less than 3 months’ supply of competing product available. The City will also consider whether sales volume and available supply has increased/decreased over shorter, more recent analysis periods. For example, if the total sales volume from the past year overall is strong but has markedly declined in
the last 3-6 months, the City may take a more cautious approach. Additional consideration may be given to applicants with a demonstrated history of cultivating strong buyer pipelines and achieving sales agreements prior to the completion of construction.

Developer and Development Team
In many cases, projects considered by the City may be owned by single-purpose, single-asset entities created to hold title of the development. For various purposes, including structuring necessary to comply with industry norms, the “owner” and “developer” of a project may be legally distinct entities, even if ultimately owned and/or controlled by the same underlying parties.

Developer Technical/Professional Capacity
In evaluating the capacity of the “developer” the City will use the term more loosely to refer collectively to the underlying corporate entities and individuals that will own and control any single-purpose development entity. Additionally, the City requires various guarantees and indemnities from all of the underlying corporate and individual owners of the various limited partnership or limited liability corporation entities involved in the ownership and development of the project.

Developers should demonstrate:
- Recent, ongoing, and successful experience with the development of similarly-regulated affordable housing; and
- The presence of adequate staff, with specific experience appropriate to their role in the project, to successfully implement and oversee the project. This includes the assembly and oversight of the development team.

The City requires applicants to provide descriptions of all for-sale projects completed in the last five years, including any under development and land held (or under option) for additional projects. The description should identify the number of units produced, total/average cost, sales prices/market values, and sales history including number of units sold, average (and maximum) time on the market from listing to sales contract, and typical income range of buyers. Developers should identify if any units developed took longer than six months between construction completion and executing a sales contract and whether any units were converted from for-sale to rental.

Applicants are also required to provide descriptions of the role played by specific staff members relative to the proposed project along with resumes or other similar information demonstrating experience appropriate to the assigned staff member’s role.

Financial Capacity
Developers must also demonstrate the financial capacity to support the proposed project both during construction and lease-up as well during ongoing operations. This includes not just that the applicant has sufficient financial resources but that it has adequate financial systems in place to appropriately manage project funding, accurately account for all project costs, and provide reliable reporting to the City and other project funders.

At minimum, the City will review audited financial statements, interim financial statements, and individual personal financial statements to ensure that:
• The “primary” development entity’s most recent audit must demonstrate compliance with Generally Accepted Accounting Principles (GAAP) and must not express material weaknesses in the entity’s system of internal controls or financial management systems;
• The developer’s net worth (including the un-duplicated net worth of other guarantors) is equal to at least 10% of the total development cost of all projects underway (i.e. those under construction and those that have received funding commitments but may not have closed or started construction); and
• The developer has net liquid assets (current assets less current liabilities) equal to at least 5% of the total development cost of all projects underway.

Development Team
The City will also review the capacity of the development team including but not limited to the general contractor, architect, engineer, market analyst, real estate agent, accountant, attorney, and any other specialized professionals or consultants.

As a whole, the development team should have the skills and expertise necessary to successfully complete and sell all units in the development. Insomuch as possible, on balance the development teams should have worked successfully on other projects in the past. That is, while a developer may identify new development team members from project to project, an “entirely new” team may present added risk.

Additionally, when using development team members from outside of the region, the City will consider whether assigned team members have recent local experience or have been supplemented with local professionals. This may be particularly important for design professionals and legal counsel.

In no case, may any owner/developer/applicant or any member of the development team be a suspended, debarred, or otherwise excluded party under any local, state, or federal program.

Identity of Interest Relationships & Costs
Applicants must disclose all identity of interest relationships/contracts and/or costs involved in a transaction, including during the development period and following completion of the project prior to sale. The City reserves the right to review any such costs further to ensure they are reasonable and consistent with the costs expected from arms-length relationships.

An “Identity of Interest” (whether or not such term is capitalized) is any relationship based on family ties or financial interests between or among two or more entities involved in a project-related transaction which reasonably could give rise to a presumption that the entities may not operate at arms-length. The City will take a broad approach to defining identities of interest and expects all applicants to err on the side of disclosure. That is, if there is any question about whether an identity of interest may exist, the relationship should be disclosed and explained to the City.

Beyond this general definition, an identity of interest relationship will be deemed to exist if:
1. An entity, or any owner of any direct or indirect ownership interest in such entity, or any family member of any such owner is also an owner, through a direct or indirect ownership interest, or an officer, director, stockholder, partner, trustee, manager, or member of the counterparty; or
2. Any officer, director, stockholder, partner, trustee, manager, member, principal staff, contract employee or consultant of an entity, or any family member of thereof, is an owner, through any
direct or indirect ownership interest, or an officer, director, stockholder, partner, trustee, manager or member of the counterparty.

For purposes of this definition, “family member” means the spouse, parents or stepparents, children or stepchildren, grandparents or step-grandparents, grandchildren or step-grandchildren, aunts, uncles, parents-in-law, and siblings-in-law (or their children or stepchildren). It also includes any other similar relationship established by operation of law, including but limited to guardianship, adoption, foster parents, domestic partnerships, and the like.

**Financial Analysis**

As noted in the introduction, the City views underwriting as more than just the financial review of a project. However, a review of the underlying financial assumptions is still a critical and core part of underwriting. In reviewing projects, as a public funder the City must to balance two potentially competing perspectives.

Projects must be viable, that is they must have sufficient allowances for all costs to maximize the chances the project can meet or exceed its financial projections and thereby succeed in the marketplace. In other words, the project must represent a “safe” investment. However, taken to an extreme, “safe” or overly conservative projections can also result in a project that is over-subsidized and risks providing excessive returns to the owner/developer.

As a steward of very limited public funding for affordable housing, the City also needs to ensure that costs are reasonable, that they represent a “good deal” to the public, and that returns to the owner/developer are fair but not excessive. In seeking to balance these perspectives, the City has established the following review factors and principals.

**Development Costs**

In general, the City will review the entire project budget to determine reasonableness (which includes a determination as to whether all costs are reasonable yet that the budget is sufficient to complete and sustain the project). All line items, whether or not paid directly with NIB funds, must be necessary and reasonable.

The City will consider the cost of both specific line items as well as the total development cost on a per unit and per square foot basis, comparing costs to other projects from the City’s portfolio, similar projects in the region (such as those funded by TDHCA or other local governments), City-data from the Building Department, and/or third-party indices such as RS Means.

**Selected Development Cost Items**

*Acquisition* – Acquisition costs must be supported by an independent third-party appraisal prepared by a state-licensed appraiser. The purchase price must be at or below the as-is market value of the property. Standard closing costs from the acquisition may be included.

*Architectural & Engineering Fees* – In general, the City anticipates that applicants will use “stock” house plans used in prior projects which may include minor variations to provide diversity in elevations. In such instances, architectural and engineering fees cannot exceed the following:

- Design services: 2% of total construction costs
- Supervision/Administration: 2% of total construction costs
For proposals anticipating the development and use of custom house plans, the City may consider higher limits on design services.

**City Soft Costs** – The development budget for each project must include **$2,500 per unit** for the City’s internal project-related soft costs. Similar to lender due diligence or lender legal costs, the inclusion of soft costs allows the City to recoup its direct costs of underwriting, processing, closing, and monitoring the project prior to project completion.

**Construction Interest** – Any budgeted line item for construction interest must be supported by development period cash flow projections, modeling the actual expenditure of development costs and the anticipated pay-in of construction loans, equity, NIB funds, and other construction period sources as well as the anticipated timing of sales to eligible buyers.

**Contingencies** – Applicants should include a contingency (inclusive of hard and soft costs) within the minimum and maximum amounts noted below. The contingency will be measured as a percentage of hard costs (including the construction contract plus any separate contracts for off-site work but excluding contractor fees).

- New construction projects should include a contingency of least 3% and no more than 7% of hard costs;
- Acquisition/rehabilitation projects, including adaptive reuse projects, should include a contingency of at least 5% and no more than 10% of hard costs.

The City may consider higher contingencies based on identified risk factors such as the known need for environmental remediation or poor subsurface soils.

**Contractor Fees** – Contractor fees are limited as a percentage of net construction costs as further identified below. Net construction costs exclude the contractor fees, any budgeted contingency, and (even if otherwise included in the construction contract) permits and builder’s risk insurance.

- **Contractor Profit:** 6% of net construction costs
- **General Requirements/General Conditions:** 6% of net construction costs. General requirements include on-site supervision, temporary or construction signs, field office expenses, temporary sheds and toilets, temporary utilities, equipment rental, clean-up costs, rubbish removal, watchmen’s wages, material inspection and tests, all of the builder’s insurance (except builder’s risk), temporary walkways, temporary fences, and other similar expenses.
- **Contractor Overhead:** 2% of net construction costs.

With prior approval of the City, contractor fees may vary from the limits above provided the gross contractor fees do not exceed 14% of net construction costs.

**Developer Fees** – Developer fees are intended to compensate a developer for the time and effort of assembling a project, overseeing the development team, and carrying a project to fruition. Developer fees are also intended to compensate for the risk inherent in the development process, including that not every potential project proves viable and that developers must necessarily advance funds for their own operating costs and various third-party predevelopment costs prior to closing (or in some cases for projects that never proceed). The City, therefore, allows the inclusion of developer fees as follows:

- **Developer Fee:** Developer fees will be calculated as a percentage of total development costs less a) the developer fee itself; b) organizational expenses and/or syndication fees/cost (including any...
investor due diligence fees); c) construction interest; and d) seller’s closing costs traditionally paid from sales proceeds at closing (e.g. realtor’s commissions, transfer taxes and fees, etc.).

- **Combined Contractor & Developer Fees**: When an identity of interest exists between the owner/developer and the general contractor, the combined total of contractor fees and developer fees cannot exceed 20% of total development costs less the developer fee.

In some cases, developers may delegate some of its responsibilities to third-party professionals or consultants. This may include contracting specific tasks – such as construction oversight of the builder or specialized consulting related to applying for or structuring various financial incentives. The costs of engaging such professionals, whether they are third-parties or identity of interest relationships, must be paid from (and if separately itemized will be counted against) the allowable developer fee.

**Realtor Commissions** – Realtor commissions, paid from the proceeds of sale, cannot exceed 6% of the sales price.

**Projecting and Using Sales Proceeds**
The City will review an applicant’s projection sales proceeds to ensure they are reasonable and achievable. All units must be sold at the fair market value as determined by an “as-completed” or “subject to completion” appraisal completed by an independent state licensed appraiser. Developers shall submit such an appraisal prior to project commitment, and the City may require an updated appraisal prior to listing or construction completion if the appraisal is more than six (6) months old at that point. Any reductions in list or sales price below the City-approved appraised value must be approved in writing by the City and will generally require updated market information justifying the reduction.

While all units are to be sold at fair market value, actual sales proceeds available to repay interim construction sources are driven buyers’ purchasing power (the mortgage they can actually afford). In some cases, a portion of City NIB funds originally advanced toward development costs may effectively be “transferred” to income-eligible buyers in the form of second mortgage assistance at closing to bridge the gap between. In other words, the buyer will assume a portion of the public construction loan made to the developer at closing in lieu of the developer repaying the construction loan in full.

As a result, the gross sales proceeds will generally be the lesser of the sales price or the buyer’s mortgage amount and cash investment (minus the buyer’s closing costs). From the sales proceeds, developers must:

- Pay seller closing costs (e.g. real estate commissions and other closing fees). These are paid at closing from sales proceeds rather than being directly disbursed by the developer;
- Repay interim construction sources. This may include construction loans from a bank or City-approved equity invested by the developer;
- Pay any outstanding development costs. In limited cases, the contractor may be owed a final payment or other miscellaneous development costs may be outstanding and paid at closing from sales proceeds. Any such arrangement must be disclosed to and approved by the City prior to closing; and
- Pay developer fee. This City requires that the developer fee be paid exclusively from the proceeds of the sale to income-eligible buyers.

In most cases, the remaining sales proceeds available after payment of these items is less than the original investment made by the City. For project otherwise meeting all requirements of the program, the
City will accept the remaining sales proceeds as full and final payment of the construction loan provided to the developer.

**Other Funding Sources**
Prior to committing funds, all other funding sources necessary for a project must be identified, committed in writing, and consistent with the both the City’s underwriting requirements and the affordability restrictions of the NIB program. In general, developers must make all reasonable efforts to maximize the availability of other funding sources, including construction lending and/or developer equity, within commercially available and reasonable terms.

Additionally, restrictions or limitations imposed by other funding sources cannot conflict with any applicable NIB requirements and cannot, in the discretion of the City, create undue risk to the City.

**Exceptions and Interpretation**
The City has developed these guidelines for several reasons. Generally, they are intended to provide clarity to applicants on what the City expects and transparency regarding the proposed projects. However, the City recognizes that it cannot pre-emptively identify every possible special circumstance that may warrant an exception to its general requirements, nor can it identify every possible “loophole” whereby a creative presentation of costs or other projections might subvert the general need to balancing of viability and reasonable returns, risk to the City and public benefit.

Consequently, the City reserves the right to waive specific underwriting criteria for specific projects when, in its sole discretion, the purposes of the program can be better achieved without taking on undue risk. When waiving any given requirement, the City may impose additional special conditions or business terms that are not otherwise typically applied to all projects.

For administrative ease, the City may also align its underwriting standards with those required by other public funders involved in a given transaction, particularly if those standards are more restrictive or conservative than the City’s. However, the City retains the right, in its sole discretion, to decide whether to accept alternative standards.

The City also reserves the right to reject any element of a transaction that, despite not being specifically prohibited, was not anticipated by these guidelines or such an element or business term otherwise creates unacceptable risks, excessive returns to the owner/developer, or otherwise undermines the public purposes of the City’s program.

Insomuch as is reasonable, the City will update and clarify these guidelines over time to account for exceptions, waivers, or additional restrictions it imposes.

Provide a clear description of the standard, the alternative being proposed, and a justification for the variation. Example:

Underwriting criteria limits the contingency on new construction to a maximum of 7% of hard costs. ACME Development Group is proposing a 10% contingency at this stage due to the history of the site and the likelihood of debris, buried foundations, and the need for soil replacement.
