ADDENDUM III

SUBJECT: Annual Contract for Commercial Garbage and Recycling Collection Services (RFP 26-083, 6100019870), Scheduled to Close: November 2, 2026; Date of Issue: August 31, 2026

FROM: Steven Garcia, NIGP-CPP, CTCD
Procurement Manager

DATE: October 30, 2026

THIS NOTICE SHALL SERVE AS ADDENDUM NO. III - TO THE ABOVE REFERENCED REQUEST FOR PROPOSALS

Respondents and bidders shall be responsible for reading the entire addendum. All addenda issued for this solicitation shall be attached to and become part of the solicitation and resulting contract documents for this project. By submitting a response to a City solicitation, respondent/bidder is acknowledging the receipt of this addendum.

By virtue of this addendum, the specifications, requirements and amendments stated below become a permanent addition to the solicitation referenced above and any other supporting solicitation documents and postings.

THE ABOVE-MENTIONED REQUEST FOR PROPOSALS IS HEREBY AMENDED AS FOLLOWS:

1. **THE BID OPENING DATE IS HEREBY EXTENDED TO WEDNESDAY, NOVEMBER 18, 2026, AT 11:00 A.M. CENTRAL TIME.**

2. **REVISED:** Section 011 – Restrictions on Communications written questions deadline is hereby revised to 4:00 p.m., Central Time on November 4, 2026.

3. **REPLACED:** RFP Attachment B1 – Price Schedule – Garbage Collection is hereby deleted in its entirety and replaced with RFP Attachment J1 – Price Schedule – Garbage Collection. Any and all references to RFP Attachment B1 – Price Schedule – Garbage Collection throughout the solicitation documents shall hereafter refer to RFP Attachment J1 – Price Schedule – Garbage Collection.

4. **REPLACED:** RFP Attachment B2 – Price Schedule – Recycling Services is hereby deleted in its entirety and replaced with RFP Attachment J2 – Price Schedule – Recycling Services. Any and all references to RFP Attachment B2 – Price Schedule – Recycling Services throughout the solicitation documents shall hereafter refer to RFP Attachment J2 – Price Schedule – Recycling Services.

5. **REPLACED:** RFP Exhibit 12 – Service Locations is hereby deleted in its entirety and replaced with RFP Exhibit 12 – Service Locations, Revision 1, Dated October 30, 2026. Any and all references to

RFP Exhibit 12 – Service Locations throughout the solicitation documents shall hereafter refer to RFP Exhibit 12 – Service Locations, Revision 1, Dated October 30, 2026.

QUESTIONS SUBMITTED IN ACCORDANCE WITH 011, RESTRICTIONS ONCOMMUNICATIONS:

Question 1: How would you like us to bid the MSW & Recycle Compactors?
Response: The City has replaced the current Price Schedules. Respondents are requested to refer to the revised Attachment J1 Price Schedule – Garbage Collection and Attachment J2 Price Schedule – Recycling Services, issued with this Addendum, for the applicable pricing requirements.

Question 2: The RFP names the CPI index by its full title (Urban Wage Earners and Clerical Workers, South Urban, all items) but doesn't give the actual BLS series ID. Please confirm the series ID.
Response: The current BLS Series ID is CWUR0300SA0.

Question 3: Would the City consider using the CPI-U Trash and Garbage Collection series instead (Series ID: CUUR0000SEHG02)?
Response: The City has elected to retain the currently designated Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), South Urban, All Items, Not Seasonally Adjusted (Series ID: CWUR0300SA0).

Question 4: Is the 5% cap total over the life of the contract, or does it reset each renewal period?
Response: The 5% limitation on price adjustments is cumulative over the entire term of the contract, including any renewal periods, and does not reset upon renewal.

Question: 5 Can the City confirm these are stationary compactors with receiver boxes? If so, can we get the specifications on the hopper configurations?
Response: The compactors are not City-owned equipment. Accordingly, the City does not have specifications available regarding the existing hopper configurations.

Question 6: Can you confirm the power requirements for these units? Are they 3-phase or single phase power?
Response: Refer to the response to Question #5.

Question 7: Are all compactor units identical in spec or does each location/unit have its own specific requirements?
Response: Compactor requirements may vary by location based on operational needs and site-specific conditions. Refer to Exhibit 12 – Service Locations for additional information.

Question 8: For the routed front loaders and roll-off services, can you confirm what site access hours we'll have? Is this 24-hour access, or are there restricted windows we need service within?
Response: Site access hours may vary by location based on individual facility operating schedules and requirements. The City's standard business hours are 7:45 a.m. to 4:30 p.m.; however, these hours may not apply to all service locations. Respondents should not assume 24-hour access to all facilities. Specific service schedules and access

requirements will be coordinated with the respective City departments to ensure services are performed within the designated access hours for each location.

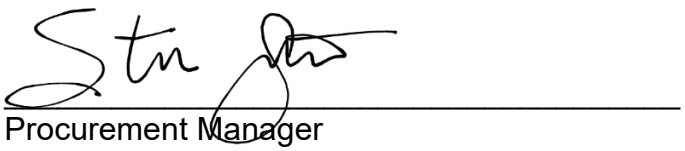

Question 9: Are there specific access hours/specifications for each department listed on the service locations attachment, or is one access window standard across all locations?
Response: Refer to the response in Question #8.

Question 10: Please provide the pricing schedule/rate sheet for this RFP, including all applicable service, disposal, delivery, rental and other fees.
Response: The price schedules, along with all applicable attachments and exhibits, are available through the City's San Antonio eProcurement System (SAePS) Vendor Portal. Respondents must access the solicitation through SAePS to review and download the applicable documents.

Question 11: Does the City own all compactors that are related to this contract?
Response: Refer to the response to Question #5.

Question 12: For sites with 96-gallon carts, is there an option for switching these to a commercial front-end loader?
Response: The decision to transition from 96-gallon carts to commercial front-load containers shall be at the discretion of the respective City department, based on its operational needs and site-specific requirements.

Question 13: Can the City update the equipment type and quantity to indicate which equipment will have food in them as a waste stream?
Response: The City does not currently identify any containers specifically designated for food waste collection. Respondents shall refer to RFP Exhibit 12 – Service Locations, Revision 1, dated October 30, 2026, which identifies the current equipment types, quantities, and service requirements at each location.
