Given the opportunity to influence a significant change in San Antonio, what youth-related issue would you address? What approach would you take? Who would you work with? Why this particular issue? (Be specific)

I would choose to address the lack of school zones in front of several high schools in San Antonio. My approach would be that we need to implement school zones in front of every high school throughout the city. I chose this particular issue because, after the recent death of a Holmes student who was hit by a speeding car while crossing in front of the school, I knew it is ^{a problem} ~~a issue~~ that my entire school would like to see changed.
