**SUBJECT:** Citywide Bike Racks

**DATE:** March 6, 2003

**SUMMARY AND RECOMMENDATIONS**

This ordinance authorizes the City Manager or her designee to execute a Surface Transportation Agreement with the Texas Department of Transportation (TxDOT) and approves the appropriation of 2002 Street Certificates of Obligation funds in the amount of \$14,400.00 and the reimbursement of \$57,600.00 from TxDOT for a total amount of \$72,000.00 in connection with the installation of Citywide Bike Racks, an authorized Metropolitan Planning Organization (MPO) project, located in various Council Districts.

Staff recommends approval of this ordinance.

**BACKGROUND INFORMATION**

In support of the efforts of the Metropolitan Planning Organization, Bicycle Mobility Task Force, and bicycling enthusiasts, a joint initiative between the City of San Antonio and the Texas Department of Transportation (TxDOT) was formed to fund the cost of the construction, purchase, and installation of bike racks. These bike racks will promote bike usage by providing locations for bicyclist to secure their bicycle throughout the City.

At the City's request and as endorsed by TxDOT, the Citywide Bike Rack Project will be accomplished through City forces. Due to this change, an amendment to the construction project is required. By working directly with the City, using the lowest bid vendor should reduce project time. It is the City's responsibility to provide \$14,400.00 (20%) and TxDOT will reimburse the City for \$57,600.00 (80%) for the cost of construction and installation of the racks, totaling \$72,000.00. The anticipated date of completion is January 2004.

## POLICY ANALYSIS

Approval of this ordinance will be a continuation of City Council policy to complete previously approved 2002 Street Certificate of Obligation funded Capital Improvement Projects.

## FISCAL IMPACT

This is a one-time capital improvement expenditure within budget and included in the FY 03-08 Capital Improvement Program Budget. Funds in the amount of \$14,400.00 are available from 2002 Street Certificates of Obligation funds and \$57,600.00 will be reimbursed to the City from the Texas Department of Transportation (TxDOT) for an overall total amount of \$72,000.00. This item represents a portion of a total estimated City project cost of \$29,893.00. The overall total project cost is \$87,493.00, of which \$57,600.00 represents the amount available for reimbursement from TxDOT.

## COORDINATION
