Resolution

Whereas, Earth Day 2003 will be celebrated locally on April 19, 2003, at Woodlawn Lake Park as a forum to focus attention and disseminate information on ecology and sustainable development;

Whereas, citizens in our community are encouraged to be actively involved in conservation and education affecting our environment;

Whereas, this year's Earth Day theme, "Know Your Watershed," reminds residents of San Antonio to relate the issue of water to their local neighborhood and the larger environmental community;

Whereas, this annual observance strives to improve the quality of life for all San Antonio residents and is essential in continuing the Earth Day tradition.

Therefore, it is resolved that:

- 1) April 19, 2003 be observed as "Earth Day 2003" in San Antonio, Texas.
- 2) We encourage the residents of San Antonio to support Earth Day and to become actively involved in staging its annual observance.
