SUBJECT: Ordinance Executing a Railroad Crossing Improvement Agreement with the Union Pacific Railroad Company

DATE: May 8, 2003

SUMMARY AND RECOMMENDATIONS

This ordinance authorizes the City Manager or her designee, to execute a Railroad Crossing Improvement Agreement with the Union Pacific Railroad Company and authorizes the payment of Street Maintenance and Improvement Funds in the amount of \$34,867.00 for improvements to the existing railroad crossing surface on Wurzbach Road in Council District 8.

Staff recommends approval of this ordinance.

BACKGROUND INFORMATION

This Railroad Crossing Improvement Agreement calls for the City of San Antonio to enter into an Agreement with the Union Pacific Railroad Company in order to make needed improvements to railroad crossings caused by automobiles and heavy traffic. The Railroad will furnish all labor, material, equipment and supervision for this reconstruction work. The City of San Antonio will reimburse the railroad in an amount not to exceed \$34,867.00 for this work.

This is a cost sharing program with Union Pacific that allows railroad crossing improvements to be scheduled in conjunction with the existing street maintenance program or through the capital improvements program. This railroad crossing was selected based upon a number of factors including: plank type, pavement condition index, Texas Priority Index Ranking, average daily traffic, 5 year street maintenance program and Council priority. Proposed work will be completed by September 30, 2003.

POLICY ANALYSIS

Approval of this ordinance will be a continuation of City Council policy to provide Street Maintenance, budgeted for FY 2001-2002.

FINANCIAL IMPACT

This is a one-time capital improvement expenditure. Funds in the amount of \$34,867.00 are available from Street Maintenance and Improvements fund to be authorized payable to Union Pacific Railroad Company.

SUPPLEMENTARY COMMENTS

The Discretionary Contracts Disclosure statement required by the Ethics Ordinance is not required.

COORDINATION

This request for ordinance has been coordinated with the Office of Management and Budget, the City Council Office and Union Pacific Railroad.
