Property Location: 474 North San Joaquin

At the southeast corner of San Joaquin and Rivas Streets

Proposal: To permit single-family residential

Neighborhood Association: Prospect Hill Neighborhood Association

Neighborhood Plan: None

TIA Statement: A traffic impact analysis is not required.

Staff Recommendation:

Approval.

The subject property is an individual lot postponed from the large area rezoning case considered and approved by the City Council on March 27, 2003. The goal of the large area rezoning case was to rezone properties occupied by uses incompatible with the current zoning. The vast majority of the property in the subject neighborhood contains single-family homes and vacant lots and parcels now zoned R-5. Single-family residences lie adjacent to the south and west, a vacant parcel borders the subject tract on the east, and a duplex occupies property to the north. Rezoning the subject property to a single-family residential classification will eliminate an incompatible MF-33 tract, discourage further multifamily encroachment into the neighborhood and will promote future and continued single-family home ownership.

SUBJECT: Rezoning of properties within District 7

DATE: August 28, 2002

Your support is requested to direct the Department of Development Services staff to take appropriate steps in bringing forward to the Zoning Commission for their recommendation and to the City Council for final action, the rezoning of approximately 6300 residential properties within District 7. It is the goal of the City's CDBG Rezoning Effort to rezone those properties that are incompatible with the current zoning. These residential properties consist of single-family residences but are zoned for multi-family residential, commercial, and industrial land uses. In order to prevent incompatible uses from encroaching into this residential area it is important that these areas be rezoned appropriately.

The residential properties are generally bound by Culebra Road to the north, North 24th Street to the east, West Commerce Street to the south, and North Acme Road to the west.

As part of the City's CDBG Rezoning Effort it is requested that the property be rezoned to single-family residence districts to conform to the existing uses in the area.
