ZONING CASE NO. Z2003173 – September 16, 2003

Applicant: City of San Antonio

Zoning Request: "DR" Development Reserve; "R-4", "R-5", "R-6" Residential Single Family District; "MF-25" and "MF-33" Multi Family District, "MH" Manufactured Home; "PUD" Planned Unit Development; "NP-10" Neighborhood Preservation; "C-2" Light Commercial District; "C-3" General Commercial District; "C-2NA" Commercial Nonalcoholic Sales District; "C-3NA" Commercial Nonalcoholic Sales District; "C-3R" General District Restrictive Alcohol Sales District; "I-1" General Industrial District and "I-2" Heavy Industrial District to "UD" Urban Development District, "RD" Rural Development District, "FR" Farm and Ranch District, "MI-1" Mixed Light Industry District, "MHP" Manufactured Housing Park, "R-4" Residential Single Family District.

Bill Telford, Special Project Coordinator, stated zoning by state statute must be consistent with a City's adopted master Plan. Therefore the zoning considered for the Southside Initiative area must be consistent with the Southside Initiative Land Use Plan. He stated city staff and stakeholders, in the community forums, formulated the goals and objectives for a Community Master Plan. He further stated the new zoning districts provide for more parks and open space; more restrictive sign standards; higher landscaping standards, and requires design criteria for some structures. Subdivisions with existing development and/or approved Preliminary Overall Area Development Plan (POADP) or Master Development Plans (MDP) are not being rezoned to ensure that development within the project may proceed as presently approved. Recently approved zoning cases for properties within the Southside Initiative Plan boundary within the past six months shall retain their current zoning.
