# CASE NO: Z2003173-12

## Staff and Zoning Commission Recommendation - City Council

Zoning Commission continuance from September 16, 2003 and postponement from October 7, 2003. City Council postponement from December 4, 2003

**Date:** January 15, 2004

**Zoning Commission Meeting Date:** November 18, 2003

**Council District:** 3

**Ferguson Map:** 714 F3-715 A-3

**Appeal:** No

**Applicant:**

City of San Antonio

**Owner:**

Presto Tierra LLC

**Zoning Request:** From "DR" Development Reserve District to "RD" Rural Development District, save and except the eastern 1,000 feet of Tract B to be rezoned "MI-1" Mixed Light Industry District

(Tract A: CB 4298 P-15B ABS 421); (Tract B: CB 4296 P-10 ABS 374 74.484, CB 4297 P-4 ABS 13 30.406, CB 4298 P-17 ABS 421 210.739)

**Property Location:** 15895 State Hwy 16 S and 14885 Watson Road

The southwest corner of Watson Road and Hwy 16 South

**Proposal:** To implement the goals and objectives of the Southside Initiative Community Plan

**Neighborhood Association:** None

**Neighborhood Plan:** Southside Initiative Community Plan

**TIA Statement:** A traffic impact analysis is not required

### **Staff Recommendation:**

Approval, pending the approval of a plan amendment by the Planning Commission on November 12, 2003 and the City Council on December 4, 2003. The recommended zoning will be consistent with the land use component to be adopted in the Southside Initiative Community Plan. The "MI-1" Mixed Light Industry District is appropriate for the Highway 16 corridor due to anticipated heavy commercial truck traffic that will accommodate adjacent "MI-1." Accordingly, commercial and industrial uses are allowed, but residential uses are prohibited, in an "MI-1" District. Residential and commercial uses are allowed in the "RD" Rural Development District, subject to pertinent development standards. Planning staff received a concept plan for the development of the subject property. The proposed uses can be accommodated under the Flex Development Plan Mixed Use pattern with the proposed zoning.

**ZONING CASE NO. Z2003173** – September 16, 2003

Applicant: City of San Antonio

Zoning Request: "DR" Development Reserve; "R-4", "R-5", "R-6" Residential Single Family District; "MF-25" and "MF-33" Multi Family District, "MH" Manufactured Home; "PUD" Planned Unit Development; "NP-10" Neighborhood Preservation; "C-2" Light Commercial District; "C-3" General Commercial District; "C-2NA" Commercial Nonalcoholic Sales District; "C-3NA" Commercial Nonalcoholic Sales District; "C-3R" General District Restrictive Alcohol Sales District; "I-1" General Industrial District and "I-2" Heavy Industrial District to "UD" Urban Development District, "RD" Rural Development District, "FR" Farm and Ranch District, "MI-1" Mixed Light Industry District, "MHP" Manufactured Housing Park, "R-4" Residential Single Family District.

Bill Telford, Special Project Coordinator, stated zoning by state statute must be consistent with a City's adopted master Plan. Therefore the zoning considered for the Southside Initiative area must be consistent with the Southside Initiative Land Use Plan. He stated city staff and stakeholders, in the community forums, formulated the goals and objectives for a Community Master Plan. He further stated the new zoning districts provide for more parks and open space; more restrictive sign standards; higher landscaping standards, and requires design criteria for some structures. Subdivisions with existing development and/or approved Preliminary Overall Area Development Plan (POADP) or Master Development Plans (MDP) are not being rezoned to ensure that development within the project may proceed as presently approved. Recently approved zoning cases for properties within the Southside Initiative Plan boundary within the past six months shall retain their current zoning.

**OPPOSE**

James Langford, 14420-3 Old Somerset Road, stated he is in opposition of this proposed plan. He does not support the increase in urban development. He expressed concerns with the present high volume of traffic in the area and feels this would only add to the existing problem.
