III. Period of Service

- A. The Consultant shall complete the various phases of work under Section 1, I, and II of this contract in accordance with the Production Schedule in Appendix "B" of this contract. Once the Consultant has submitted a completed phase of work, no further work days shall be charged against that phase of work as total calendar days. If, upon review of phase work, corrections, modifications, alterations, or additions are required of the Consultant, these items shall be completed by the Consultant before that phase is approved. Calendar days shall be charged for this period when changes are being made.
- B. Upon acceptance and approval of the Schematic Design, Design Development, or Construction Documents Phases, the Director will authorize in writing the Consultant to proceed with the next appropriate phase of work. However, if the City elects to discontinue the Consultant's effort at the end of any phase for any reason (see Section 1, VIII),

the total time expended up to that time will be charged against the total allowable time in the same manner as if no delay or suspension had occurred. However, if circumstance dictates, the Director may authorize extra calendar days or make adjustments to the Production Schedule as he deems necessary to complete the required design.

The Consultant further acknowledges the said amount is fixed and agreed upon by and between the Consultant and the City because of the impracticality and extreme difficulty of fixing and ascertaining the actual damages the City would in such event sustain, and said amount is agreed to be the amount of damages which the City would sustain and said amount shall be retained by the City. These liquidated damages will be implemented following notification of the City to consultant of said failure to furnish completed work.

- D. The Consultant shall not be liable or responsible for, and there shall be excluded from the computation of the aforesaid periods of time, any delays due to strikes, riots, acts of God, national emergency, acts of the public enemy, governmental restrictions, laws or regulations, or any other causes beyond Consultant's reasonable control. - E. This Agreement shall remain in force for a period which may reasonably be required for the design, award of the contract, and construction of the Project including any extra work and any required extensions thereto unless discontinued as provided for elsewhere in this contract.

IV. Coordination with the City.

- A. The Consultant shall hold periodic conferences with the Director or his representatives to the end that the Project as developed shall have the full benefit of the City's experience and knowledge of existing needs and facilities, and be consistent with its current policies and standards. He shall have complete authority to transmit instructions, receive information, interpret and define the City's policies and decisions with respect to materials, equipment, elements and systems pertinent to the Consultant's services.

D. The City shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for the completion of the Project. The Consultant will provide the City reasonable assistance in connection with such approvals and permits such as the furnishing of data compiled by the Consultant pursuant to other provisions of the contract, but shall not be obligated to develop additional data, prepare extensive reports or appear at hearings or the like unless compensated therefor under other provisions of this contract.

V. Fee Schedule

For and in consideration of the services to be rendered by the Consultant in this Agreement, the City shall pay and the Consultant shall receive the fee set forth in attachment hereto which is made a part hereof and identified as Exhibit 1.

All documents including the original drawings, estimates, specifications, and data, will remain the property of the Consultant as instruments of service. However, it is to be understood that the City shall have free access to all such information with the right to make and retain copies of drawings and all other documents and data. Any reuse without specific written verification or adaptation by Consultant will be at City's sole risk and without liability or legal exposure to Consultant.
