SUBJECT: Staff Briefing on the City/County Joint Commission on Elderly Affairs

DATE: May 6, 2004

SUMMARY AND RECOMMENDATIONS

The purpose of this presentation is to provide the Mayor and City Council with an update on the City/County Joint Commission on Elderly Affairs, including the status of its work on the priority issues identified for seniors in San Antonio and Bexar County.

BACKGROUND INFORMATION

The City/County Joint Commission on Elderly Affairs was formed in June of 2002 and has as its charge to:

- Serve in an advisory capacity on issues related to seniors
- Advocate for seniors in the community
- Serve as a clearinghouse for information on elderly issues, programs and services

The Commission sought community input to determine the issues of highest priority to seniors in San Antonio and Bexar County. The feedback received was presented in a report to City Council and Commissioners Court in May of 2003. A total of 678 seniors were surveyed and others in the community participated in public information-gathering sessions. The report included policy and program recommendations to address the priority issues that emerged.

The Commission subsequently formed subcommittees focused on those priority areas identified in the report.

POLICY ANALYSIS

A chart is included as an attachment that lists the recommendations made by the City/County Joint Commission on Elderly Affairs, and which indicates the status of each recommendation.

The Commission will elaborate on the status of each of these recommendations at the requested briefing before City Council.
