Given the opportunity to influence a significant change in San Antonio, what youth-related issue would you address? What approach would you take? Who would you work with? Why this particular issue? (Be specific)

I would address the issue of Drug Awareness. I would attempt to create a way to distract a teenagers mind from drugs by letting them know you don't need drugs to have fun. In order to do this if possible we would raise money and have small fundraisers and maybe a tiny festival in which our cities companies that are against drugs can sponsor us. This festival may also include a city wide teenager dance called Teens Dance against Drugs. Maybe even if a dance wasn't possible but a walk. All proceeds would go towards drug awareness and keeping the youth of today healthy for the adults of tomorrow. I am choosing this issue because as a teen you are so often pressured by drugs. I myself may one day be pressured and I know for a fact what my answer would be NO! I would say this because I know life can be fun and entertaining with out drugs, but other teens don't.
