SUBJECT: Annual Contracts for Fiscal Year 2004-2005

DATE: October 7, 2004

SUMMARY & RECOMMENDATION:

The attached tabulations of bids is hereby submitted for Council consideration and action. Annually at this time, bids are requested for various materials, parts and services. This ordinance includes contracts for Edgeport 22C USB expansion modules, emergency medical supplies-maintenance, elevator maintenance for the St. Mary's Street parking garage, police patrol vehicle radar units.

Many bids are on a firm, non-escalating basis, while others such as petroleum related items and certain other commodities require escalation of prices during the contract period. Generally, bids reflect small increases over recent prior years, but in many cases reflect decreases.

It is recommended these contracts be approved.

SECTION I: The bids in this section are low responsive bids in which award is recommended to the lowest bidder. (1 contract)

SECTION II The bids in this section are low responsive bids in which award is recommended to bidders other than the lowest bidders because the lowest bids failed to meet City's specifications. (12 contracts)

POLICY ANALYSIS:

Annual contracts are an efficient method of securing the best prices through volume purchasing and by reducing large amounts of work related to the bid process. This group of contracts represents a portion of approximately 250 annual contracts that will be brought before City Council throughout the remainder of the fiscal year.

FINANCIAL IMPACT:

Funds are not expended by this ordinance. All expenditures will be in accordance with the FY 2004-2005 budget approved by City Council. The combined total estimated amount for contracts listed on this ordinance is approximately \$175,761.
