

**CITY OF SAN ANTONIO  
PUBLIC WORKS DEPARTMENT  
CITY COUNCIL AGENDA MEMORANDUM**

**TO:** Mayor and City Council  
**FROM:** Thomas G. Wendorf, P.E., Director of Public Works  
**SUBJECT:** Linda Lou (Presa to Hackberry)  
**DATE:** January 5, 2006

**SUMMARY AND RECOMMENDATIONS**

This ordinance authorizes and appropriates funds in the amount of \$10,000 for Material Testing and Advertising expenses in connection with the Linda Lou (Presa to Hackberry) project, an authorized 2003-2007 General Obligation Drainage Improvement Bond funded project located in Council District 3.

Staff recommends the approval of this ordinance.

**BACKGROUND INFORMATION**

The Linda Lou - Presa to Hackberry project provides for underground drainage improvements necessary to eliminate standing water and for the rehabilitation of the existing pavement and curbs. The Linda Lou storm water drainage system will run along Boxelder Lane and tie into the existing stub-out, which was part of the Southcross - Presa to New Braunfels project. This project is scheduled for advertising in January 2006. Construction is anticipated to begin in April 2006 and to be completed by March 2007.

This project was designed by the Public Works Engineering Division in conjunction with the Hackberry (Steves to Southcross) project. Both projects will be advertised and constructed as one project. Funds in the amount of \$10,000 are necessary to cover the costs to reproduce plans for advertisement and for material testing related to utility adjustments prior to construction. All costs are being charged to the Linda Lou project since most of the utility adjustments will occur on the Linda Lou portion of the project.

**POLICY ANALYSIS**

Approval of this ordinance will be a continuation of City Council policy to participate in the development and construction of previously approved 2003-2007 General Obligation Drainage Improvement Bond funded projects.

### **FISCAL IMPACT**

This is a one-time capital improvement expenditure in the amount of \$10,000 and is included in the FY 06-11 Capital Improvement Program Budget. Funds in the amount of \$10,000 are available from 2003-2007 General Obligation Drainage Improvement Bond funds and are authorized to be appropriated.

### **COORDINATION**

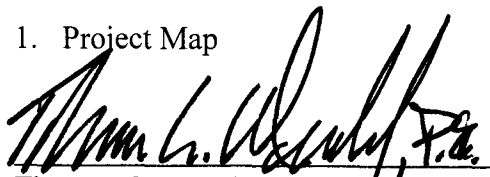

This request for ordinance has been coordinated with the Office of Management and Budget and the Finance Department.

### **SUPPLEMENTARY COMMENTS**

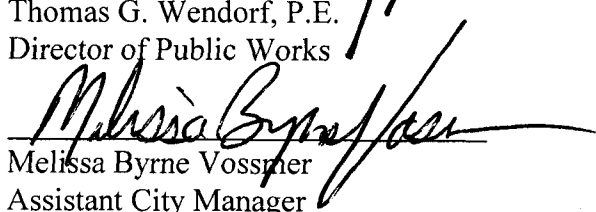

The Discretionary Contracts Disclosure Form is not required.
