Staff Recommendation:

Consistent

The Arena District / Eastside Community Land Use Plan calls for this area to be designated Mixed Use land use. Mixed Use provides for a concentrated blend of residential, retail, service, office, entertainment, leisure, and other related uses at increased densities to create a pedestrian oriented environment where people can enjoy a wide range of fulfilling experiences in one place. Mixed Uses include those in the Commercial and Residential categories and including low, mid and high-rise office buildings and hotels. This classification allows for a mix of uses in the same building or in the same development such as small offices (dentists, insurance professionals, non-profits, etc.), small storefront retail establishment (coffee shops, cafes, shoe repair shops, gift shops, antique stores, specialty retail shops, hair salons, day care, drug stores, etc.) and residential uses (live/work units, small apartment buildings, townhomes, etc.)

Approval

There is a vacant commercial building located on the subject property. The property fronts on North New Braunfels Avenue. The applicant has applied for "IDZ" Infill Development Zone District in order to create a mixed-use development. This zoning district would allow for uses permitted in "C-2". "IDZ" districts are intended to provide a more flexible approach to the development of infill projects. The current code requirements could make the redevelopment of this structure difficult due to the nature of the existing property. The "IDZ" district would not require the development to adhere to several standards such as setback requirements, parking, parks and open space, or buffer requirements. The "IDZ" Infill Development Zone is a down-zoning and would be appropriate at this location. The "IDZ" will protect and enhance the character of the neighborhood while improving the building's physical appearance. The Master Plan encourages the preservation and revitalization of vacant commercial buildings in older neighborhoods located inside Loop 410.
